

Clothing & Textiles I

Grade Placement: 9, 10, 11, 12.....½ credit Semester 1 or 2

Cost of fabric and supplies is the responsibility of the student. A variety of sewing projects will be completed. Fabric, price, quality, and construction techniques will all be discussed in relation to individual consumer needs. Along with discussion of updates in the textile and fashion industry, areas to be covered will include personal color analysis, designs which complement the figure, and current trends and issues in fashion. Students will also explore the fashion industry and its methods of production and merchandising, as well as careers in fashion, design, and merchandising.

Sewing Basics & Training

16.4.1 Demonstrate professional skills in using traditional and technologically innovative equipment, tools, and supplies in textiles, fashion, and apparel construction, alteration, repair, and recycling.

16.4.5 Demonstrate basic skills for production, alteration, repair, and recycling of textiles, fashion, and apparel.

Projects

16.4.1 Demonstrate professional skills in using traditional and technologically innovative equipment, tools, and supplies in textiles, fashion, and apparel construction, alteration, repair, and recycling.
