

## Google Calendar Step-by-step Guide, last updated Oct 17, 2025.

Our schedule in another format and more information about us: <https://linktr.ee/contradancing>

We add all Lavender Contra Collective events to our Google Calendar, which you can add as a secondary calendar to your own Google Calendar setup. Unfortunately, the Google Calendar mobile app does not include an option to add secondary calendars, so you must add this calendar through the Google Calendar website on a web browser. It is easier to add the calendar on a desktop or laptop computer than on a mobile phone, but we include guides for both below.

### Add Our Calendar on Desktop — easier than mobile

---

*Super quick way (try this first!)*

1. Open the following link to confirm that you are signed in to your Google Calendar on the web browser you're using:

[calendar.google.com](https://calendar.google.com)

Sign in to the Google account you use for your calendar, if you are not already signed in.

2. Copy the following link and paste it into your web browser, then follow prompts to add the calendar:

<https://calendar.google.com/calendar/u/0?cid=N2JmZjk5MjkzMDM2ODVIOTBkNGQzNDE0ZmNmY2MyNDM3ODE3ZWJjNjlyNjE2ZmQ1MmRkZTA0MzAzODYyMmE1MEBncm91cC5jYWxlbmRhci5nb29nbGUuY29t>

*Slightly slower way (try this if the first way doesn't work)*

1. Navigate to the following link on your laptop or desktop computer:

[calendar.google.com](https://calendar.google.com)

Sign in to the Google account you use for your calendar, if you are not already signed in.

2. Click on the gear symbol in upper right corner > Settings > Add Calendar > From URL

3. Paste the following link into the box that says "URL of calendar":

<https://calendar.google.com/calendar/u/0?cid=N2JmZjk5MjkzMDM2ODVIOTBkNGQzNDE0ZmNmY2MyNDM3ODE3ZWJjNjlyNjE2ZmQ1MmRkZTA0MzAzODYyMmE1MEBncm91cC5jYWxlbmRhci5nb29nbGUuY29t>

4. Click “Add Calendar”.

### **Add Our Calendar on Mobile**

---

1. Navigate to the following link on your mobile web browser:

Sign in to the Google account you use for your calendar, if you are not already signed in.

2. Select that you want to view the desktop version of the website by clicking on the word “Desktop” at the bottom of the page where it says “View: Mobile | Desktop”

3. Once your mobile web browser has retrieved the desktop version of the webpage, click on the gear symbol in upper right corner > Settings > Add Calendar > From URL

4. Paste the following link into the box that says “URL of calendar”:

<https://calendar.google.com/calendar/u/0?cid=N2JmZjk5MjkzMDM2ODVIOTBkNGQzNDE0ZmNmY2MyNDM3ODE3ZWJjNjlyNjE2ZmQ1MmRkZTA0MzAzODYyMmE1MEBncm91cC5jYWxlbmRhci5nb29nbGUuY29t>
