

Above & Beyond Center's

COVID-19 Prevention Plan

I. Temperature Screenings & Hand Sanitizing Stations

No staff or visitor will be allowed to enter the lab if they are experiencing a high temperature or exhibiting flu-like symptoms. Hand sanitizer will be provided throughout the facility.

II. Cloth Face Coverings Required

III. High-Intense Cleaning

The center will designate daily closing hours to conduct high intense cleaning between each camp session. Disposable protective coverings will be used on all devices.

IV. Limit Capacity & Social Distancing Markings

The center will enforce safe distancing measures between all computer stations and class activities.

V. Air Purifying Systems Placed Throughout the Building

VI. No-Contact Student Drop-off & Pick-up Procedures

The center will implement staggered drop-off and pick-up times and utilize a text-based app to communicate with parents. Only participants and staff will be allowed to enter the lab during camp hours.
