

When you send anyone an enrolment link, send them a PERSONAL MESSAGE WITH THE DIRECT LINK.

Then email IMMEDIATELY them after so they have more info on how to use their first 24\$ credit as well as info on backup orders!

Hey! Your shopping link is now activated! You are not charged your membership fee (\$19) until your first order is placed!!

During your first order , at checkout, under REWARDS, a pop up will appear giving you \$24CDN/\$20USD to use on various products! Make sure to keep an eye out for it! If it is not in your cart under rewards you will find it on the main page of the website as one of the “banners” 🖱️

I like to make sure everyone can take advantage of this! It is your first initial perk of becoming a customer here!

For the first FIVE MONTHS you will get to take advantage of a monthly credit!!

Tips from me:

I highly suggest ordering one of the New Member Savings Packs (you'll see them once you enroll) as those are the best value for your dollar as they have a greater discount than regular pricing! ***These product packs are only available to you in your first two months of being a customer.***

This was the saving pack I ordered when I joined as a customer. It is all the cleaning and laundry products!

EcoSense® Safer for Your Home Pack (New Members ONLY)

Item: 7679 | Size: 18 products

★★★★★ (4.7) [204 Reviews](#)

LIMITED TIME FOR FIRST 2 MONTHS

1 Of 1

\$137.99 Member
\$323.00 Non-Member
50 Points

Each product has a point value. As a Melaleuca customer, we are asked to place a 35 point order each month - which is easy to do if you shop here instead of other stores for your everyday essentials. Saving you money, time, and giving you non-toxic products.

If at any month you really don't need anything, no worries! Simply request to cancel your membership before the end of any given month. Just shoot me a message and I will send you the easy steps to do so!!

**Failure to do so, and they will ship out a backup order. A backup order will be 35 points worth of product. This can be customized on your account though so if a backup order is shipped it's products you would want. If that ever happens and you receive products you don't want, a reminder you can return them with the love it guarantee!

Once you have created your account, here are the steps to customize your backup order:

- login to the melaleuca website
- Click menu (on the top left)
- Click account
- Under "my account" scroll and click "account setting"
- Scroll down and click "edit backup order"
- Customize the backup order to products you select, or choose a premade bundle.

Cancelling is free. No questions asked. The only penalty is you will lose any unused Loyalty Dollars. But because you pay for the yearly membership up front (only \$19/year), you can reactivate your membership any time during that year, for free! You can actually cancel and reactivate as many times as you want/need! It's all included in your yearly fee!!

Ever needing product recommendations? I can help with that!! I know shopping at a store with almost 500 products can be overwhelming!

We also have a 90 day, 100% money back guarantee. Again, no questions asked. It's so risk free.

And of course (hopefully you're reading this far) you can ask me any questions at any time. I'm here to help!
