

*Howdy Guys,*

*I've been behind making a new list, I also haven't played D&D in a couple years. I'll leave this one as editable, so you are free to add or change definitions and spells. I'll refresh my memory on the rules and mechanics of 5E and work on it as well. I'll make a master list later.*

*Thank you,*

1. Unending Penis Barrage:
2. Summon PCP Ape:
