i'm still figuring out this TOS stuff

if you or your child commission me accidentally/without permission that is not my fault and i will not offer a refund i will only send a refund if i think i am not able to complete your request or if i haven't started it yet

-
-

i have the right to deny ur commission if i deemed u rude or giving off childish/scammy behavior i have crazy trust issues with instagram and scams are way to popular

-
-

please keep in mind i love drawing scary/creepy/teeth so if u don't want your character to be snarling/ showing teeth then pls let me know before hand because i will default to that

-
-

I ONLY USE PAYPAL

-
-

if u post my art u have to tag/@/credit me in the description i worked hard on it and want to be properly credited DO NOT REMOVE MY SIGNATURE i will send u one without it but pls only post the one with the signature

-
-

i will use any of the art i make to advertise commissions on a commission sheet i barely make full art pieces of my own characters so half the time i just don't have much personal material to advertise

-
-

i will RARELY accept NSFW i will NOT do kinky shit at most i'll draw your character naked in a cute pose/costume but i am NOT drawing ur sexual anime fantasy i'm not that person

-
-

if u aren't happy with the commission when u receive it pls tell me what u don't like and i will gladly try and fix it but this does not inquire a refund i still spent multiple hours working on it and i would never give u something i wasn't happy with myself

-
-

EMOTES i make TWITCH emotes if u commission emotes from me tell me your username and remember to "attribute" me as the artist (justinsaneart) for said emotes i'd also like to support u and ur stream by dropping a follow :33

emotes don't have to be for twitch if u just like the style feel free to get one
