What makes the senior year even more special is that each student has the opportunity to submit a professional senior picture for the yearbook. Standards are expected and specifications are required to create a consistency with the yearbook. Deviations from the standards and specifications could result in not being placed in the yearbook. If one provides an inappropriate picture or does not submit a picture at all, then the yearbook staff has the right to use the student's school identification picture or the student may not be represented at all. The staff has the right to refuse a picture if the standards and specifications are not met and/or if the picture is sent after the deadline of **October 26, 2023**.

Standards and Specifications:

- Formal studio pose of head and shoulders and student is facing forward
 - This includes a plain background- just like the school Lifetouch pictures that are taken for underclassmen. We **DO NOT** accept outdoor shots, pictures with props, etc. for the senior section of the yearbook; however, we do encourage parents/guardians/grandparents/relatives/friends to show off these photos by placing a senior sendoff in the advertisement section of the yearbook. See the next page for details.
- Sharp in focus (no blurring of image)
- **Image is sent via email by October 26, 2023:** Jhilewsky@corunna.k12.mi.us
 - Mrs. Hilewsky will reply to the email when received. Without a reply, it is likely that Mrs. Hilewsky did **NOT** receive the photo.
 - If the photography studio says that they will send the picture, it is the student's responsibility to check whether or not Mrs. Hilewsky received it.
 - The yearbook staff will strive to provide notification to each Class of 2024 student who did not submit a picture.
- Image may be used for the senior banners to be displayed downtown Corunna
