

Upcoming CS and CNIT Employment-related Events

Jumpstart Your Job Search Workshops

Need help getting started with your job and internship search? Attend an introductory session in a 6 part series of workshops covering: motivation to start your search, searching for opportunities, writing your resume, how to network, creating your elevator pitches, interviewing tips, enhancing your LinkedIn profiles, and how to stay organized and on track for success.

Tech Project Space

Looking for open source projects, coding challenges, team members, hacking challenges, and more resources outside of class? Join the Tech Project Space on Slack to get access to channels filled with resources, projects, and activities you can complete and add to your portfolio, resume, GitHub, and LinkedIn.

Get your invitation here: [Tech Project Space on Slack](#)

CCSF CNIT Student Group

Join the new CNIT Student Group on LinkedIn for the latest events and information related to information security: <https://www.linkedin.com/groups/13588064>.
