

Natalie Grace ViolinVibez

Song List

Solo Electric Violin + Backing Tracks

For all tracks, Natalie has versions where vocals are removed.

In live performance, Natalie typically plays the lead melody line on the violin.

Alternatively, Natalie can accompany a singer or DJ for any of these
(optional vocals remaining in the track, or sung live).

Good to Know: Natalie prioritizes original tracks over online karaoke edits

Notes from Natalie:

If there is a song on here you want but in a different version, just let me know! Usually it is very easy to swap.

Alternatively, I love learning new songs, so I'm always happy to learn a new song if given enough advance notice (3-4 weeks usually). May require additional payment depending on the package purchased!

I can also make custom remixes or edits for basically any song! Let me know if you're interested in that and I'll let you know the rate & process.
