Standing with Ukraine

We believe in giving back to the communities we serve. Our hearts ache for the people of Ukraine facing unimaginable hardship.

We work a great deal with humanitarian relief efforts in Ukraine in various ways and are committed to making a positive impact in the lives of those affected by the ongoing crisis.

Together, let's make a difference.

Cleaning with a Conscience

Everyone should have a clean and healthy environment, including animals. We're committed to supporting animal rights and welfare through several avenues.

These are just some ways we do this:

- We choose **eco-friendly cleaning products** that are safe for pets and don't harm the environment, protecting wildlife habitats.
- We **partner with local animal shelters** to help them maintain a clean and healthy environment for the animals in their care.
- Our team members are encouraged to **volunteer at animal shelters** or participate in fundraising events for animal welfare organizations.

We hope to create a more compassionate community for all living beings by making these choices.

The Calgary Trusted Cleaners Story

We understand your cleaning needs because we've been in your shoes. Before starting this company, we owned and operated 3 large health clubs. Keeping those facilities clean and welcoming for our members was a daily priority.

Unfortunately, we weren't always happy with the cleaning services we hired. They promised the world, but the reality often fell short. We were tired of broken promises and lacklustre cleaning.

We decided to make a change and opened Calgary Trusted Cleaners with the mission **of providing the exceptional cleaning services we always wished we had.**

Here's what sets us apart:

-
- **We understand your frustration.** Having been customers ourselves, we know the importance of reliable cleaning and clear communication.
 - **We prioritize quality.** We always strive for exceptional cleaning, using top-of-the-line equipment and eco-friendly products.
 - **We're committed to your satisfaction.** Your peace of mind is our priority. We want you to walk into your sparkling home or business and know everything is handled.

FAQs in Calgary

Answering Your Questions About Our Services

You have questions, and we have answers! Our FAQ page is an excellent resource for answering the most commonly asked questions we receive. If you do not see an answer to a specific question you have, please feel free to contact us anytime.

[\[Contact Us⁵¹\]](#)

How is commercial cleaning priced?

Commercial cleaning pricing is based on the size and type of space being cleaned, along with the frequency of cleaning required.

Other factors include the type of flooring (carpet vs. hard surface), the number of washrooms, whether there is a kitchen, and the volume of people who use the space. For example, cleaning a large gym every day will cost more than cleaning an office once per week.

How is residential cleaning priced?

Residential cleaning rates are based on the type of cleaning requested or required and the property's square footage. For instance, it will cost less to clean an apartment than a small home and more to clean a large house.

The types of residential cleaning include:

- [Regular maid services⁵²](#)
- [Standard cleaning⁵³](#)
- [Deep cleaning⁵⁴](#)
- [Move-in/move-out cleaning⁵⁵](#)

⁵¹ Book Now

⁵² Regular Housekeeping

⁵³ Home Cleaning

⁵⁴ Deep Cleaning

⁵⁵ Move In/Move Out Cleaners

How long does it take to clean a typical house?

Cleaning time is most affected by the cleaning type and property size. Times flow from the least amount of time to the most as follows:

- [Regular maid services](#)⁵⁶
- [Standard cleaning](#)⁵⁷
- [Deep cleaning](#)⁵⁸
- [Move-out cleaning](#)⁵⁹

Typical standard cleaning takes around 3 to 4 hours total, depending on crew size. With a crew of 2, running time is half of that.

We don't clean by the clock. Instead, we give you a checklist for each service so you know what's included. And if you want something extra, just let us know. We focus on completing the list so you're happy with the results.

How often should I have my residence cleaned?

As a general rule, you should regularly clean up and tidy throughout the day. If you don't have the time to clean your home yourself, we can help. Our most popular frequency is biweekly cleaning, but we're happy to customize as needed.

We offer anything from weekly, biweekly, and every 3 weeks to monthly service. If you clean your home regularly, we recommend hiring a cleaning company for a deep cleaning service every 3 months.

If you are moving out of or into a new property, we highly recommend booking a move-in/move-out cleaning service.

Are you insured, & do you have a business license?

Yes, we are fully insured and licensed. We have also won several awards and are the consumer choice award winner for the best Janitorial Service in Southern Alberta.

Do I need to be home when my house is cleaned?

⁵⁶ Regular Housekeeping

⁵⁷ Home Cleaning

⁵⁸ Deep Cleaning

⁵⁹ Move Out Cleaning

How often you have us come is up to you! Most clients feel comfortable leaving their homes while we clean. **We're a trusted and insured team.** And many of our clients who have regular cleanings provide keys or alarm codes for convenience.

Want to be there? Great! We can meet you to get started and discuss any special requests.

Do you use eco-friendly cleaning products?

Yes, absolutely. We use various eco-friendly cleaning products to accommodate every client's needs and requests.

What measures are you taking to guard against COVID-19 & other infectious diseases?

We always stay current with the required health and safety measures, including COVID-19. Before each cleaning, our equipment is disinfected, and our staff wears masks/gloves.

If any staff members have symptoms, they are required to report them and stay home from work.

Do you clean upholstery & mattresses?

Yes, absolutely. We offer competitive rates for all upholstery cleaning, from chairs and sofas to loveseats and mattresses.

Our Effective Strip, Seal, & Wax Process

This process makes us the destination for cleaning services in Calgary and surrounding areas.

The strip, seal, and wax process involves:

1. Applying stripper solution and letting it sit for 10–20 min
2. Stripping the wax with a swing machine and scrubber
3. Cleaning and neutralizing floors with a neutral cleaner
4. Applying 2–5 coats of commercial wax (depending on the floor)
5. Applying 2–3 coats of commercial sealer
6. Buffing floors for shine

Our Floor Cleaning Services

Our team is trained in several cleaning techniques and the proper care of all types of flooring.

⁶⁰ Why Choose Us?

⁶¹ Book Now

We also know life can get busy, so we work around your busy schedule to minimize disruptions.

Hard Floor Cleaning

We offer cleaning services for:

- Vinyl composition tile (VCT)
- Linoleum
- Terrazzo
- Concrete
- Stone (marble, granite)
- Hardwood
- Epoxy

Buffing & Polishing

Restore the shine and lustre of your hard floors with professional buffing and polishing.

This process removes minor scratches and scuffs, leaving your floors looking like new. Buffing and polishing can also help protect your floors from future wear and tear.

High-Speed Scrubbing

High-speed scrubbers provide a deep clean for heavily soiled floors, removing dirt, grime, and embedded debris. These machines are ideal for warehouses, production facilities, and other areas with high foot traffic or exposure to grease and oil.

Burnishing

Burnishing is a specialized process that creates a hard, protective layer on your floor, enhancing its durability and shine. Regular burnishing can extend the lifespan of your floors significantly, reducing the need for more frequent stripping and waxing.

Stripping & Waxing

Over time, floor wax can build up and become dull. Stripping and waxing removes old wax buildup and applies a fresh coat of high-quality wax, leaving your floors protected and looking their best. We use a meticulous process to thoroughly remove old wax without damaging the underlying floor surface.

Why Choose Calgary Trusted Cleaners?

We are proud to be the destination for cleaning services for Calgary and the surrounding areas:

-
- **Customized service plans:** We offer several services to meet your specific goals and budget. We clean floors in businesses, stores, malls, hospitals, gyms, recreation centres, etc.
 - **24-hour and emergency availability:** We work with you around your busy schedule and around emergencies.
 - **Competitive rates:** We offer competitive rates for all our commercial cleaning services.
 - **Prioritizing your satisfaction:** We are committed to your satisfaction and guarantee the quality of our work.

Why Invest in a Clean Fitness Centre Environment?

When your gym is clean, sanitized, and odour-free, your members feel comfortable and valued. This leads to higher member satisfaction, loyalty, and increased membership potential.

A clean environment makes your gym more attractive to new members and encourages existing members to return frequently for their workouts.

Areas of Focus

We provide a meticulous cleaning that goes beyond equipment and surfaces:

- All exercise equipment, weight benches, and workout mats are thoroughly cleaned, disinfected, and sanitized for the next member.
- Effective cleaning products and [electrostatic disinfection](#) eliminate bacteria, mould, and mildew.
- Saunas and steam rooms are cleaned and disinfected, removing lingering odours.

-
- Every area, from lobbies and waiting areas to hallways and restrooms, is cleaned and tidied.

Choose Us for Your Fitness Centre Cleaning Needs

[Our team](#) of experienced and insured professionals understands the specific cleaning requirements of fitness centres. We are committed to providing efficient service and prioritizing the safety and well-being of your members.

We also understand that your gym operates on a busy schedule. To minimize disruption, we can perform cleaning services before opening hours, after closing hours, or during off-peak times.

But why opt for a dedicated fitness centre cleaning service? There are a few reasons.

Reduced Risk of Illness

Regular disinfection helps stop the spread of germs, keeps your gym clean, and promotes a healthy environment for everyone. Disinfection also means fewer disruptions and illness outbreaks, so your members can focus on crushing their fitness goals.

Maintain a Professional Image & Reputation

A clean and well-maintained facility reflects positively on your brand and showcases your commitment to creating a healthy environment for your members. This can give you a competitive edge in the fitness industry, attracting new members who prioritize cleanliness and hygiene when choosing a gym.

Equipment Longevity

Regular cleaning and proper care can help extend the lifespan of your fitness equipment. By removing sweat, dirt, and grime buildup, we help prevent rust, corrosion, and other damage that can lead to costly repairs or replacements.

Last Minute Availability

At Calgary Trusted Cleaners, we understand that keeping your fitness centre clean and hygienic is crucial. That's why we offer **last-minute availability 24/7** for emergency cleaning situations.

Investing in a Clean Space

Our experienced, bonded, and insured cleaning teams are dedicated to providing services beyond surface appearances. We use tested, high-quality cleaning products and follow strict protocols to ensure every inch of your community centre is thoroughly cleaned and disinfected.

We are invested in creating a welcoming, safe, comfortable space for the entire community.

Promoting Public Health & Safety

We prioritize disinfecting high-traffic areas and frequently touched surfaces—doorknobs, light switches, tables, chairs, and restrooms—to minimize the spread of germs and pathogens.

This proactive approach keeps staff, volunteers, and visitors healthy, allowing them to focus on their activities and interactions within the centre.

Our services cover:

- Places of worship
- Gathering areas
- Public restrooms
- Entrances and foyers

Implementing Our Facility Cleaning Expertise

Our cleaning services are designed to handle the demands of large spaces with high foot traffic. We offer a variety of services to maintain your facility, including:

- Various cleaning methods are used for different floor types to extend their lifespans.
- Trash cans throughout the facility are emptied for a clean and odour-free space.
- All surfaces, including tables, chairs, counters, and equipment, are cleaned to minimize the spread of germs and create a hygienic environment.

Why Choose Calgary Trusted Cleaners?

Community centres have busy schedules with ongoing activities and events. Whether you require daily cleaning, evening disinfection services, or deep cleaning during off-peak hours, we can work with your schedule.

You can be confident that [our cleaners](#) will treat your facility professionally and carefully. By choosing Calgary Trusted Cleaners, you can experience a multitude of benefits.

Public Health

Regular cleaning and disinfection can help prevent the spread of germs and illnesses, contributing to the overall health and well-being of the community. Cleaning reduces disruptions caused by illness outbreaks and allows the centre to serve the community more effectively.

Community Recognition

A clean and well-maintained facility reflects positively on your community centre and showcases your commitment to providing a safe and healthy environment for everyone.

Staff & Volunteer Comfort

Knowing that the centre is clean and disinfected provides peace of mind for staff and volunteers, allowing them to focus on their roles and responsibilities without worrying about spreading germs or maintaining cleanliness.

Reduced Maintenance Costs

Regular cleaning helps prevent dirt buildup and wear and tear on surfaces and flooring, minimizing the need for costly repairs and future maintenance.

Last Minute Availability

Life throws curveballs, and sometimes those curveballs involve unexpected messes. At Calgary Trusted Cleaners, we understand that emergencies happen. That's why we offer **last-minute cleaning availability, 24 hours a day.**

Invest In Happy Tenants

Clean common areas contribute to a more positive living environment for your tenants, leading to higher tenant satisfaction, increased lease renewals, and less tenant turnover.

Happy tenants are less likely to complain and more likely to recommend your building to others, ultimately enhancing your reputation and occupancy rates.

Explore Our Cleaning Services

Partnering with Calgary Trusted Cleaners allows you to focus on managing your property. We take care of the cleaning, ensuring your common areas are consistently clean and well-maintained, freeing up your time and resources.

We offer a wide range of cleaning services specifically tailored to meet the needs of apartment buildings and strata communities.

Entrance & Stairwell Cleaning

We provide regular entrance and stairwell cleaning, paying close attention to disinfecting high-traffic touchpoints like doorknobs, railings, and light switches. This attention to detail not only creates a positive first impression but also prevents the spread of germs.

Professional Carpet Cleaning

Our carpet cleaning services use advanced extraction machines to remove dirt, dust, and allergens, extending the lifespan of your carpets and reducing allergy and asthma triggers.

Hard Surface Floor Care

We use appropriate cleaning methods to disinfect and maintain the shine of all hard surface flooring in common areas, including hallways, lobbies, and laundry rooms.

Cleaning of Shared Amenities

We clean beyond the basics. Our team ensures that all common areas are spotless, including lobbies, laundry rooms, fitness centres, and elevators. Clean and inviting shared spaces contribute to a more enjoyable living experience.

24/7 & Emergency Availability

Calgary Trusted Cleaners understands the unexpected can happen in an apartment building. Whether it's a messy move-out situation, a common area spill, or a sudden need for sparkling clean hallways, we're here for you.

We offer 24/7 last-minute availability to tackle any cleaning emergency in your apartment building.

Relax & Recharge with a Clean Home

Imagine stepping through the door after a long day, greeted by the warm glow of a spotless kitchen, gleaming hardwood floors, and the calming absence of dust bunnies hiding in the corners.

This isn't just a dream—it's the reality you can achieve with Calgary Trusted Cleaners. Our detailed cleaning services release you from the burden of housework, allowing you to spend time on what matters most.

What We Clean

Our comprehensive home cleaning service covers all the essential areas of your home, including:

- **Kitchens:** We wipe down countertops, clean appliances (ovens upon request), disinfect sinks and backsplashes, and sweep or mop floors.
- **Bathrooms:** We disinfect toilets, bathtubs, showers, and sinks. We'll also clean mirrors, polish chrome fixtures, and mop floors.
- **Living areas:** We dust furniture and electronics, vacuum carpets and upholstery, and sweep or mop hard floors.

-
- **Bedrooms:** We make beds, dust furniture and electronics, vacuum carpets, and empty trash cans.

Interior & Exterior Home Cleaning Services

Our team can keep your entire home spotless, inside and out. We offer comprehensive cleaning for windows, [eavestroughs](#), decks, patios, and more, all bundled for affordability.

Our teams use a detailed checklist to complete all the steps in the cleaning process. Special requests are documented for guaranteed completion. Our courtesy walkthrough is all about the details, with free touch-ups included.

Why Choose Calgary Trusted Cleaners?

We go beyond the surface-level cleaning. Our meticulous cleaning teams are highly trained, insured, and bonded, so you can rest easy knowing your home is in good hands.

Because of our competitive rates, many dual-income homes, activities with the kids and pets, and many responsibilities, hiring residential cleaners is no longer a luxury—it's a necessity.

Customization Is Key

No 2 homes or families are the same. That's why we take the time to understand your specific needs and preferences. Whether you require a weekly refresh to maintain order, a deep clean for a special occasion, or something in between, we'll create a personalized cleaning plan that fits your budget and schedule.

Peace of Mind with Every Clean

We prioritize your trust and security. Our cleaners undergo rigorous background checks and are fully insured and bonded. You can rest and relax knowing your home and belongings are safe with our teams.

Eco-Conscious Cleaning

We care about your health and the environment. That's why we use only safe and effective cleaning products that are gentle to your family and kind to the planet.

Reliability You Can Count On

We understand the importance of punctuality and clear communication. You'll always know exactly when to expect our cleaning team and what services will be completed during each visit.

Customized Cleaning for Your Needs

We take the time to understand your specific needs and preferences. Our highly trained cleaning teams are fully insured and bonded and provide professional and comprehensive services.

Whether you require weekly cleanings to maintain order, biweekly refreshers, or a monthly deep clean, we'll create a personalized plan that fits your budget and schedule.

A Refreshing Clean, Every Time

Regular housekeeping is more than just surface-level cleaning. We focus on little touches that elevate a space from tidy to inviting.

Kitchen Command Centre

We disinfect countertops, clean appliances (including oven cleaning upon request), ensure your sink and backsplash sparkle, and leave your floors spotless with a mop or sweep.

Bathroom Bliss

We leave your bathroom feeling like a spa retreat, with sparkling toilets and bathtubs, disinfected showers and sinks, polished chrome fixtures, gleaming mirrors, and clean floors.

Living Area Transformation

Dust won't stand a chance on your furniture and electronics. We meticulously clean every surface, leaving it dust-free and sanitized. Thorough vacuuming revitalizes your carpets and upholstery, and expert sweeping and mopping shines your hard floors.

Bedroom Cleaning

Relax and unwind in a truly restful space. We make beds with hospital corners for a polished look, banish dust from furniture and electronics, give carpets new life with a thorough vacuuming, and empty trash cans for the final touch.

Electrostatic Disinfection

Meta Title: Electrostatic Disinfection | Calgary Trusted Cleaners

Meta Description: Electrostatic disinfection is an innovative cleaning tool that helps neutralize harmful bacteria & protects your home. Learn about electrostatic disinfection.

Electrostatic Disinfection in Calgary

An Extra Layer of Protection for Your Calgary Home

Calgary Trusted Cleaners now offers a powerful service that takes hygiene to the next level.

Electrostatic disinfection neutralizes harmful pathogens, leaving your home sanitized and protected against viruses, bacteria, and mould. This advanced technique provides an extra layer of defence compared to traditional cleaning methods.

Contact [our team](#) to schedule a consultation and learn if electrostatic disinfection is right for you.

[\[Book Now\]](#)

What Is Electrostatic Disinfection?

Electrostatic disinfection uses a specialized mist containing a positively charged disinfecting solution. This mist coats surfaces, reaching even hard-to-reach areas and high-touch points like doorknobs, light switches, and countertops.

Once contact is made, the positive charge disrupts the cell walls of viruses and bacteria, effectively eliminating them. Surfaces already covered will repel the spray, making the method extremely efficient.

Is Electrostatic Disinfection Right for You?

If your building contains hard-to-reach areas sensitive to grime and germs, then electrostatic disinfection is the best option for cleaning all the surfaces and equipment in that room. Although electrostatic spray may sound like an aggressive method for regular commercial cleaning, the opposite is true.

Calgary Trusted Cleaners only uses eco-friendly, environmentally friendly solutions for electrostatic disinfection, making it safe and effective for all businesses.

Places That Can Benefit from Electrostatic Disinfection

Electrostatic disinfection can help clean a variety of places, including:

- Commercial buildings
- Residential homes, apartments, condos, townhouses
- Apartment buildings & hotels
- Common areas
- Restaurants, bars, pubs, nightclubs, casinos
- Offices
- Retail
- Malls
- Medical centres, medical clinics, & various clinics
- Health centres, gyms, fitness facilities
- Movie theaters
- Construction sites
- Assisted living facilities
- Bus & transit systems

Why Choose Electrostatic Disinfection from Calgary Trusted Cleaners?

Electrostatic disinfection offers a powerful advantage in the fight against germs and viruses. It goes beyond traditional cleaning methods, providing extra protection for your home and family.

Our teams are extensively trained in the safe and effective use of electrostatic disinfection technology. Our training prepares us for proper application and maximum coverage and effectiveness.

Electrostatic disinfection provides several benefits.

Superior Germ Elimination

This innovative technology uses a positively charged mist that clings to surfaces, reaching even the most difficult areas, such as corners and underneath furniture.

On contact, the mist effectively eliminates a broad spectrum of pathogens, including:

- COVID-19
- Norovirus
- E. coli
- Salmonella
- HIV
- Influenza
- Cold viruses

Comprehensive Disinfection

Traditional cleaning methods can miss hidden areas. Electrostatic disinfection provides a complete clean by reaching all surfaces with a uniform, wraparound mist, protecting every nook and cranny.

Long-Lasting Protection

Unlike traditional disinfectants that evaporate quickly, the electrostatic spray bonds to surfaces for an extended period, providing ongoing protection against bacteria and viruses.

Improved Indoor Air Quality

Electrostatic disinfection eliminates harmful pathogens, creating a healthier environment for you and your loved ones. You can breathe easier knowing the air is free of germs that can cause illness.

Breathe Easier with Electrostatic Disinfection

[\[Book Now\]](#)

Transforming Your Construction Project

Let us transform your construction site into the clean and beautiful masterpiece you created. We offer post-construction cleaning services for multi-unit buildings, commercial spaces, and residences for homeowners and builders.

You can relax knowing our professional cleaning service will turn your construction site into a welcoming home or business.

Our Post-Construction Cleaning Services

Life moves fast, and we understand the pressure to have your site ready for occupancy as soon as construction wraps.

Construction leaves dust, debris, and leftover materials behind, creating a unique cleaning challenge. We come prepared to tackle the job efficiently and know exactly what needs to be done to transform your space from a work zone to a move-in-ready masterpiece.

Our professional cleaners pay close attention to detail and take care of items that others might miss.

Flooring

Floors can take a beating during the construction process and end up covered in drywall dust, debris, and paint. We bring hard surface floors back to life, meticulously cleaning them according to manufacturer specifications for a flawless finish.

We can also provide carpet cleaning using our powerful [steam extraction process](#) to remove construction dirt and grime, leaving carpets revitalized and spotless. We also thoroughly vacuum, including the edges, for a complete clean.

By the time we finish, your entire flooring system will be sparkling clean and ready for move-in.

Walls & Hard Surfaces

We make every surface sparkle from top to bottom:

- Walls are meticulously dusted, and scuff marks are erased.
- Every cupboard, drawer, and piece of millwork is thoroughly cleaned and wiped down.
- All countertops and hard surfaces are meticulously wiped and polished.
- Bathrooms and lighting fixtures gleam after a detailed cleaning.

Dust & Debris

Construction dust works its way into everything. Dust will be on the light switches, fixtures, behind the appliances, and even in the drawers and cupboards. We do a detailed dusting of all areas, including but not limited to:

- Light fixtures and switches
- Inside and outside of the cabinets and drawers
- Appliances
- Door handles and window frames
- Bathrooms and kitchens

Air Quality

In addition to dusting and wiping all surfaces, we use vacuums with HEPA filters to safely remove allergens from the space. We can take it a step further with extraction carpet cleaning.

Our [HVAC team](#) can also provide comprehensive [furnace and duct cleaning](#).

Doors & Window Frames

Doors and windows are key features of all rooms and buildings and require special attention. We clean all doors in detail on both sides, from top to bottom.

Our professional post-construction window cleaning service tackles the interior and exterior of all windows, removing any remaining stickers or stucco and making window frames look new.

Why Choose Calgary Trusted Cleaners?

Calgary is a bustling hub of construction activity, and with every new build or renovation comes the inevitable aftermath of dust, debris, and construction residue.

At Calgary Trusted Cleaners, we pride ourselves on delivering impeccable post-construction cleaning services tailored to each project's unique needs. [Our cleaning crews](#) are not just ordinary cleaners—they are trained professionals who understand the nuances and intricacies of construction cleanup.

Turn to Us for Your Post-Construction Cleaning Needs

From dust removal and detailed floor and wall cleaning to air quality management, we aim to make every nook and corner spotless. We don't compromise on the quality or efficiency of our post-construction cleanup services.

What Is Extraction Carpet Cleaning?

Extraction carpet cleaning, also known as hot water extraction, is the gold standard in carpet cleaning. This method uses hot water, eco-friendly enzymes, and cleaning solutions to gently loosen and lift dirt, stains, and debris deep within the carpet fibres.

A powerful machine then extracts the dirty solution, leaving your carpets hygienically clean and refreshed. This quick-drying process is safe for children and pets.

A Customized Deep Clean for Your Carpets

Regular vacuuming is great, but professional cleaning is essential for a healthy and fresh carpet. Our expert team scrubs beyond surface dirt, removing deep-seated grime, allergens, and chemicals that can build up over time. This deep cleaning revitalizes the appearance of your carpets and promotes a cleaner, healthier indoor environment for your family or employees.

Pre-Cleaning Analysis

This service starts with a thorough inspection, targeting stains, pet accidents, and high-traffic areas. This analysis allows us to tailor our cleaning approach using eco-friendly solutions and powerful enzymes for a healthier clean.

Hot Water Extraction

We then use the hot water extraction method to remove deep-seated dirt, debris, and allergens, leaving your carpets hygienically clean and refreshed.

Fast & Convenient Service

Your time is valuable, so we prioritize a fast and convenient cleaning experience with minimal disruption to your routine. Our efficient methods ensure your carpets dry quickly, allowing you to get back to enjoying your freshly cleaned space in no time.

Applying Professional Expertise

Your carpets are in good hands, no matter where they are. Our certified carpet cleaning specialists are equipped to tackle any cleaning challenge, whether in apartments, houses, offices, or all types of businesses.

Meta Title: Eavestrough Cleaning | Calgary Trusted Cleaners

Meta Description: We offer professional eavestrough, gutter, & downspout cleaning using a comprehensive cleaning process. Learn more today.

Eavestrough Cleaning in Calgary

Safeguarding Your Home

Your home's eavestroughs (gutters) protect your foundation and siding from water damage. Over time, leaves, debris, and shingle grit accumulate in your eavestroughs, hindering their ability to channel rainwater away from your home.

[Our team](#) offers comprehensive eavestrough, gutter, and downspout cleaning services to keep your home safe and dry.

Schedule regular cleaning (ideally twice a year) to prevent costly repairs and protect your valuable property. Contact us today for a free quote!

[\[Book Now\]](#)

Our Comprehensive Cleaning Process

Our highly skilled team specializes in cleaning all gutters and eavestroughs. We arrive on time and take care of everything.

Our technicians meticulously scoop out and remove all obstructions using secure ladders, ensuring your gutters are completely clear and ready for the elements.

To guarantee optimal drainage, we follow up with a thorough [pressure washing](#) to remove any lingering debris. Our team provides professional gutter cleaning services for both homes and businesses in Calgary and surrounding areas.

The Importance of Regular Eavestrough Cleaning

Clogged eavestroughs can lead to:

- **Water damage:** Overflowing eavestroughs can cause water to pool around your foundation, causing leaks, basement flooding, and foundation issues.
- **Ice dams:** In colder climates, clogged eavestroughs contribute to ice dam formation on your roof, which can cause significant damage to shingles and roofs.

-
- **Mosquito breeding grounds:** Standing water in clogged eavestroughs creates ideal breeding grounds for mosquitoes.
 - **Property value decrease:** Neglected eavestroughs detract from your home's curb appeal and can decrease its value.

What's the Difference Between Eavestroughs & Gutters?

While "eavestroughs" and "gutters" are often used interchangeably, they are separate elements that play crucial roles in protecting your home from water damage.

- **Eavestroughs** are the channels attached to the edges of your roof, collecting rainwater and directing it downwards.
- **Gutters** are located at ground level and act as extensions of the eavestroughs, carrying the collected water away from the foundation.

Calgary Trusted Cleaners expertly cleans both eavestroughs and gutters. The process is the same even though we clean different parts of the home drainage system.

Our Gutter/Eavestrough Cleaning Service Rates

- Bungalow \$249
- Bungalow w/ Garage \$299
- 2-Story House \$299
- 2-Story House w/ Garage \$349
- 3-Story House \$349

Pressure Washing in Calgary

Restore Your Property's Curb Appeal

The harsh Calgary climate can affect your property's exterior surfaces. Dirt, grime, mould, mildew, and even graffiti can accumulate over time, diminishing your home's curb appeal and causing damage.

At Calgary Trusted Cleaners, we offer professional pressure washing services to restore the beauty and integrity of your home's exterior. [Our team](#) is often called to clean the interiors and exteriors of garages, houses, and buildings.

If the surface and material can be power washed, we can help. Contact us today for a quote.

What We Pressure Wash

We offer a comprehensive pressure washing service for various exterior surfaces, including:

- House siding (vinyl, wood, stucco, etc.)
- Driveways and walkways
- Patios and decks
- Fences and retaining walls
- Roofs (certain materials)
- Garages and sheds
- Pool decks and patios

The Details of Pressure Washing

Pressure washing uses a high-powered stream of water to remove dirt, grime, and mould from hard surfaces. Our eco-friendly cleaning solutions and adjustable pressure settings provide a thorough clean, from delicate surfaces to tough stains.

Think of it as a supercharged garden hose—blasting away dirt at up to 100 times the pressure!

Pressure washing is classified using a rating system for PSI and GPM.

Pounds Per Square Inch

PSI stands for pounds per square inch and is used to measure pressure. PSI refers to the intensity of the water force. A higher PSI setting means the water coming out has a greater force behind it.

This stronger force is more effective at removing dirt, grime, and mildew because it can break the bond between the dirt and the surface you're cleaning.

Gallons Per Minute

GPM stands for gallons per minute. It simply tells you how much water a pressure washer uses in one minute. A higher GPM means the pressure washer releases more water each minute.

GPM doesn't directly affect cleaning power, but it can impact cleaning speed. With more water flow, we can rinse away dirt faster, especially after using high PSI to break it loose.

Benefits of Pressure Washing

Pressure washing requires expertise and attention to detail. Some benefits of pressure washing include:

- **Enhanced curb appeal and increased property value:** A clean, well-maintained exterior significantly boosts your home's aesthetic value.
- **Improved safety and preserved building materials:** Pressure washing goes beyond aesthetics and plays a role in safety and long-term maintenance.
- **Healthier environment:** Over time, mould, mildew, and allergens can build up on your exterior surfaces. Pressure washing helps eliminate these harmful elements.

Our Pressure Washing Service Rates

- Bungalow \$249
- 2-Story House \$349
- 3-Story House \$449

Safe & Controlled Pressure Washing

Regular cleaning prevents grime and dirt from accumulating, and taking care of your home now avoids damage later.

Don't let grime and dirt affect your home's beauty. Contact us today for a free quote and consultation. We're happy to answer questions and help you determine the pressure washing services best for your needs.

From window cleaning to dusting high shelves and fixtures, we have the expertise and equipment to do it all. Our highly skilled team is trained to clean high and hard-to-reach areas safely and efficiently, leaving your space spotless and hygienic.

High Windows

We use safe and efficient methods to clean windows, skylights, and atriums, leaving them streak-free and bringing natural light flooding in.

Light Fixtures

Cobwebs and dust on light fixtures not only look unsightly but can also impact lighting quality. Our team will meticulously clean your fixtures, restoring their brilliance.

Ceiling Fans

Dust build-up on ceiling fans can circulate dust particles throughout the room. We'll thoroughly clean your fans, providing cleaner air and improved efficiency.

HVAC Vents & Ductwork

Dirty vents can restrict airflow and reduce air quality. Our high-level cleaning services include comprehensive cleaning of your HVAC system, promoting better air circulation and a healthier environment.

Commercial Cleaning

From office buildings to retail spaces, our commercial cleaning services are designed to maintain a clean, professional environment for your employees and customers.

The Calgary Trusted Cleaners Difference

Our team is trained in safe and effective methods for high-level cleaning so that the job is done right the first time.
