

## **Design Challenge: Feedback Tips**

*Share these tips with partners ahead of or during your prep call*

We are excited to have you join us to help support and coach our students on their work. Here are some tips to ensuring students can hear and apply your expert advice!

- Utilize student work and their knowledge
- Provide guidance, not answers
- Ask open-ended questions
- Be open and honest
- Be patient and flexible
- Be realistic in your expectations
- Give genuine praise
- Provide examples or models
- Give constructive and specific feedback
- Paraphrase students' comments and relate discussions back to the content or lesson
