- Middle School Admission Process

  Last year there were no gifted and talented programs. New mayor and new chancellor gives the authority for each district to decide on gifted and talented programs along with the screening process. The district 20 schools that will have the gifted and talented programs are: I.S. 187 Christa McAuliffe, I.S. 259 McKinley Middle school, I.S. 201 The Madeleine Brennan School. Considering only 3 schools will have the gifted and talented programs, there will not be many seats available.
