February 14, 2018

Soccerboyjacob12 - Last Wednesday at 3:35 PM

Hey, whens the video going to be up

Alright, im filing a scam report

February 15, 2018

Soccerboyjacob12 - Yesterday at 11:06 PM

Hello????

Can you please tell me if the video is going to be posted, otherwise I would like my money back
Some communication would be nice

I've been nothing but cooperative, I have given you multiple days to film and to post the video.

Can you please tell me what's going on?

I just don't understand what I did wrong, I thought you were trustworthy

Gavin - Yesterday at 11:20 PM

Yes?

What?

I have been busy with family things bro.

SORRy

Soccerboyjacob12 - Yesterday at 11:21 PM

Ok well guess what, I lost 220 dollars due to scammers

So I need responses to make sure u aren't one

And I have seen u on for the past 3 days, but yet u haven't responded to me

And also when is the video going to be up? I need some answers tonight, if you have time do be online you have time to answer some questions

Alright, I've given you more than enough time to respond, all you had to do was post the video, sorry this didn't work out but this is entirely your fault. I am filing a claim on paypal, as well as posting a scam report on mc market.

Gavin - Yesterday at 11:51 PM

I am sleeping bro..

I was making a real quick post

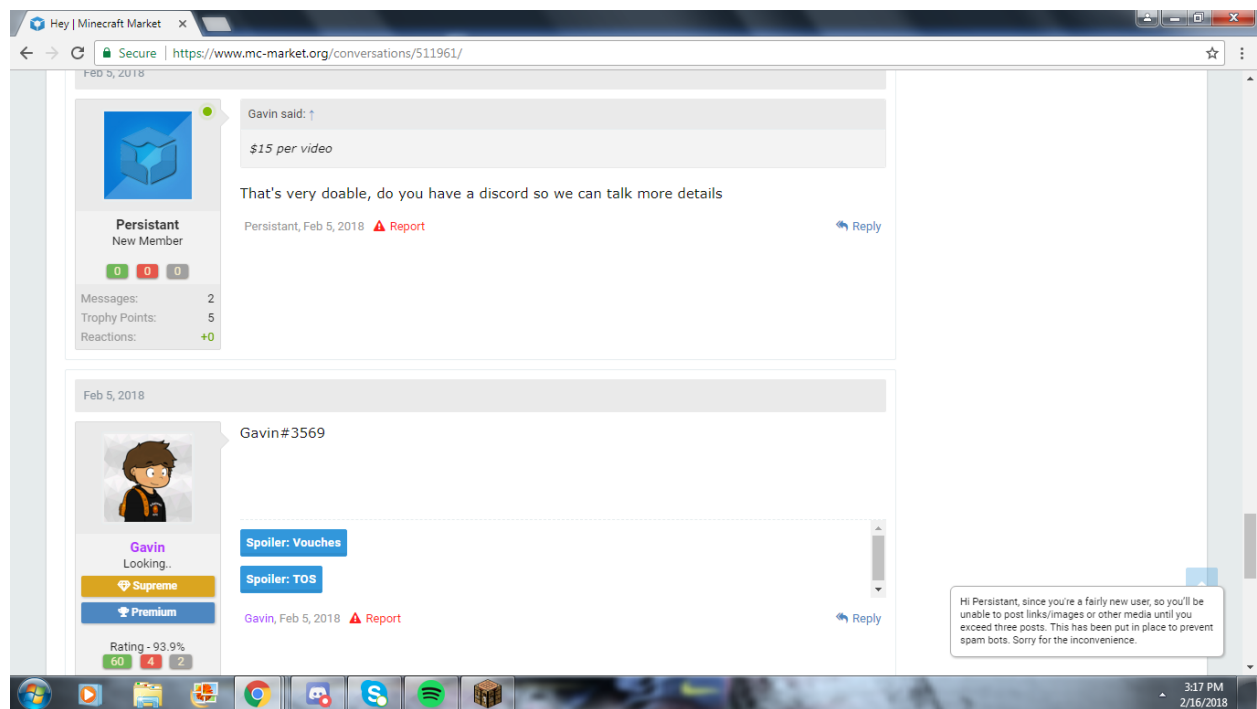

then heading to bed

Sorry..

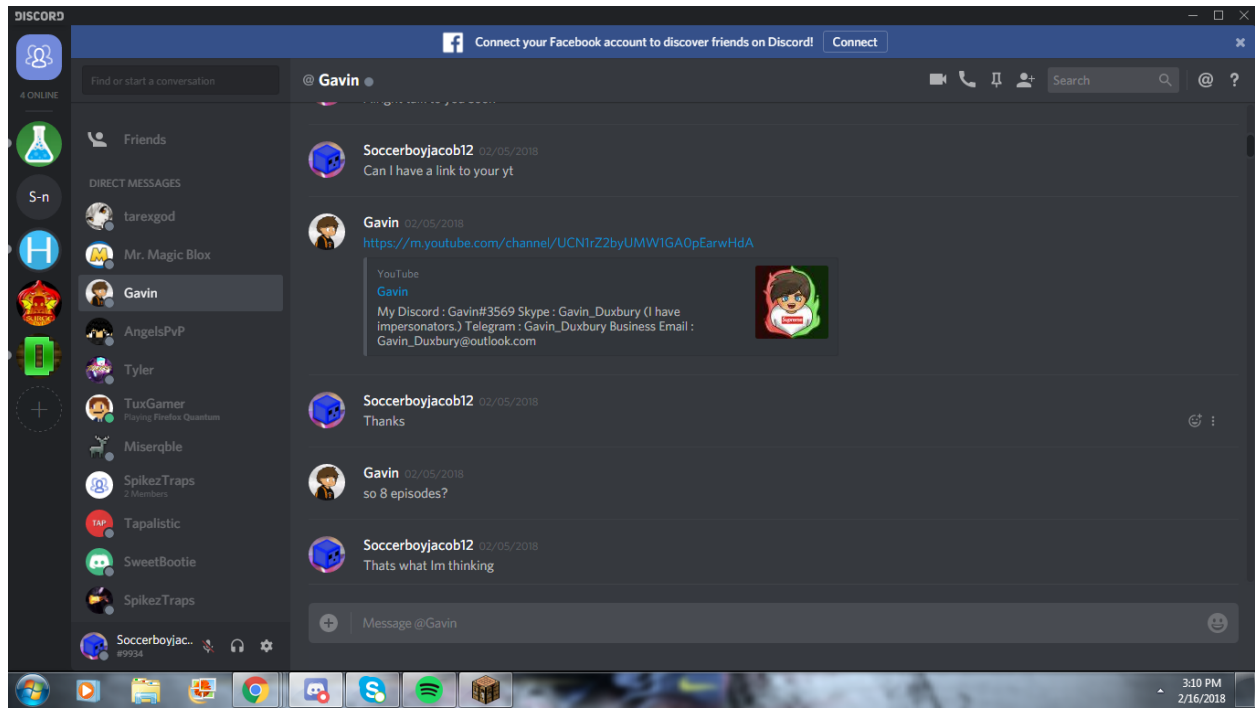

I will talk tomorrow.

Here are some of the screenshots that prove he has scammed me, I will point out the parts that seem very odd to me.

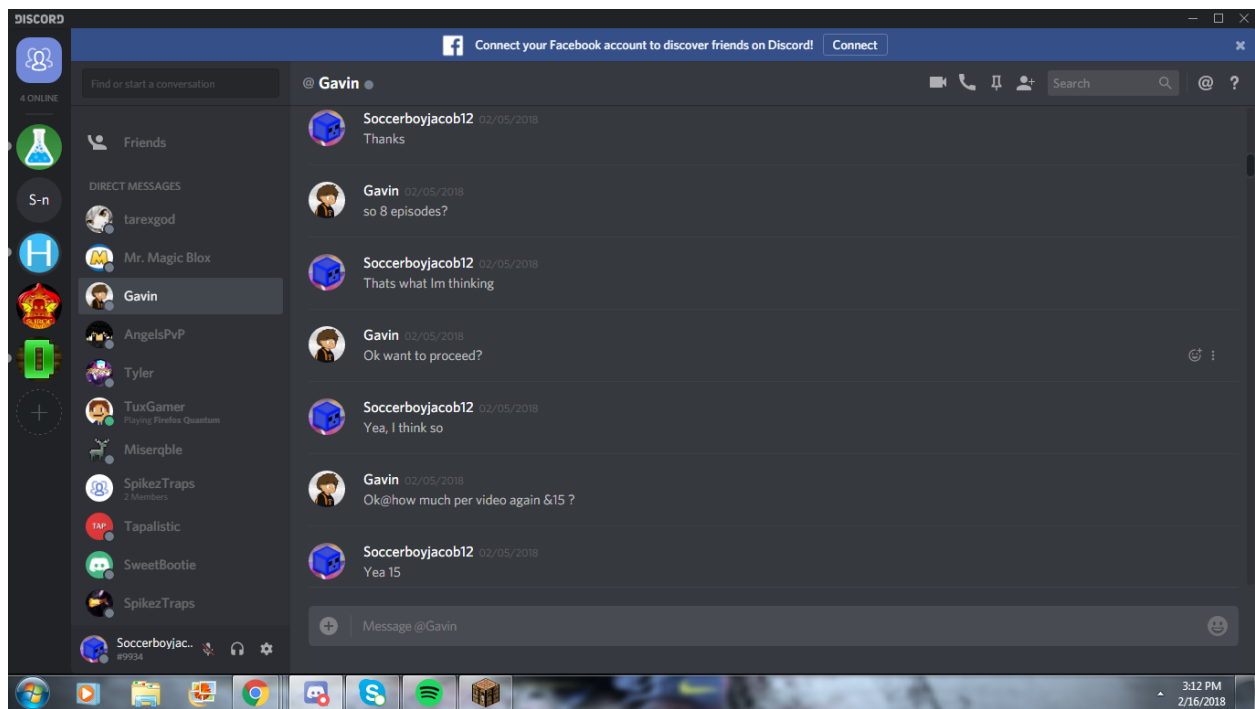

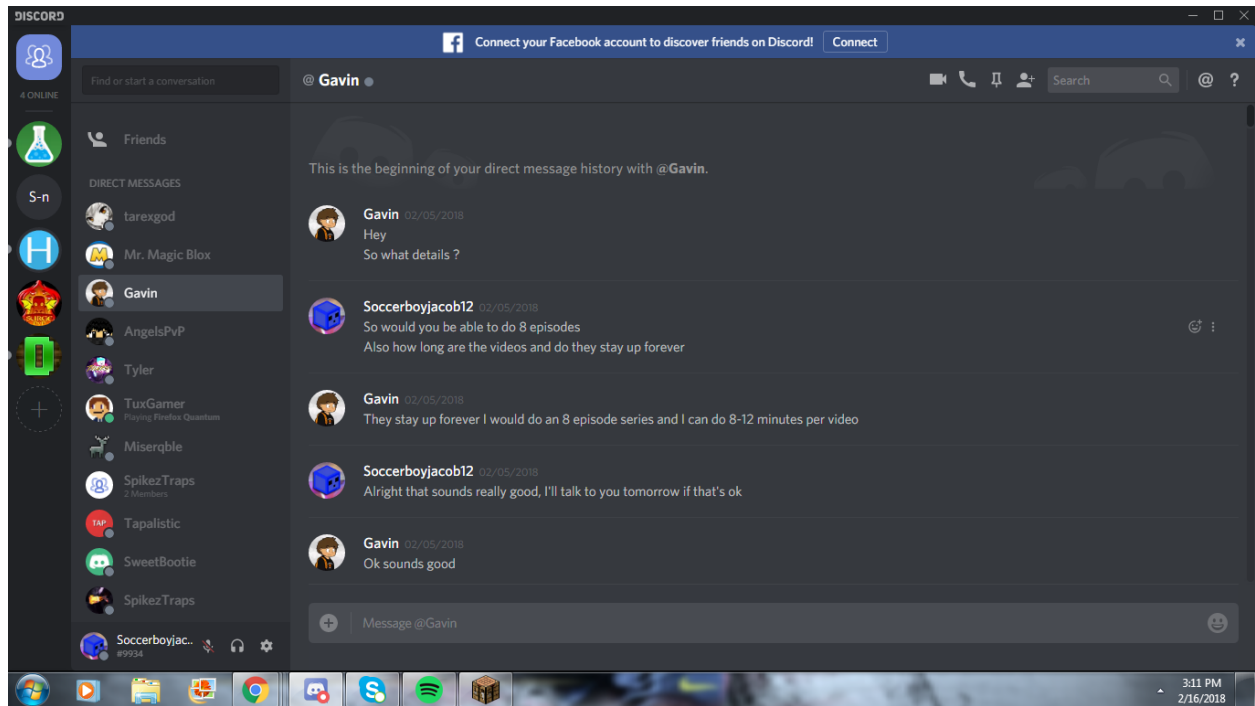

Proof of discord

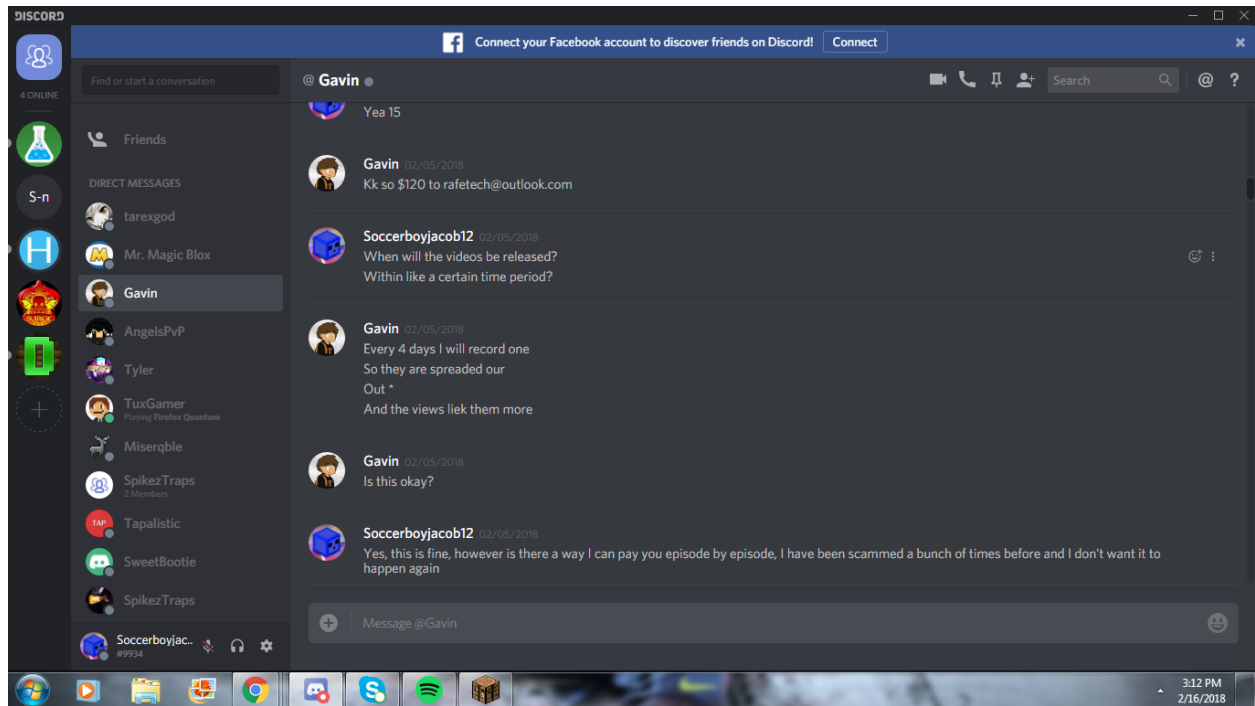

Proof Gavin is who he says he is

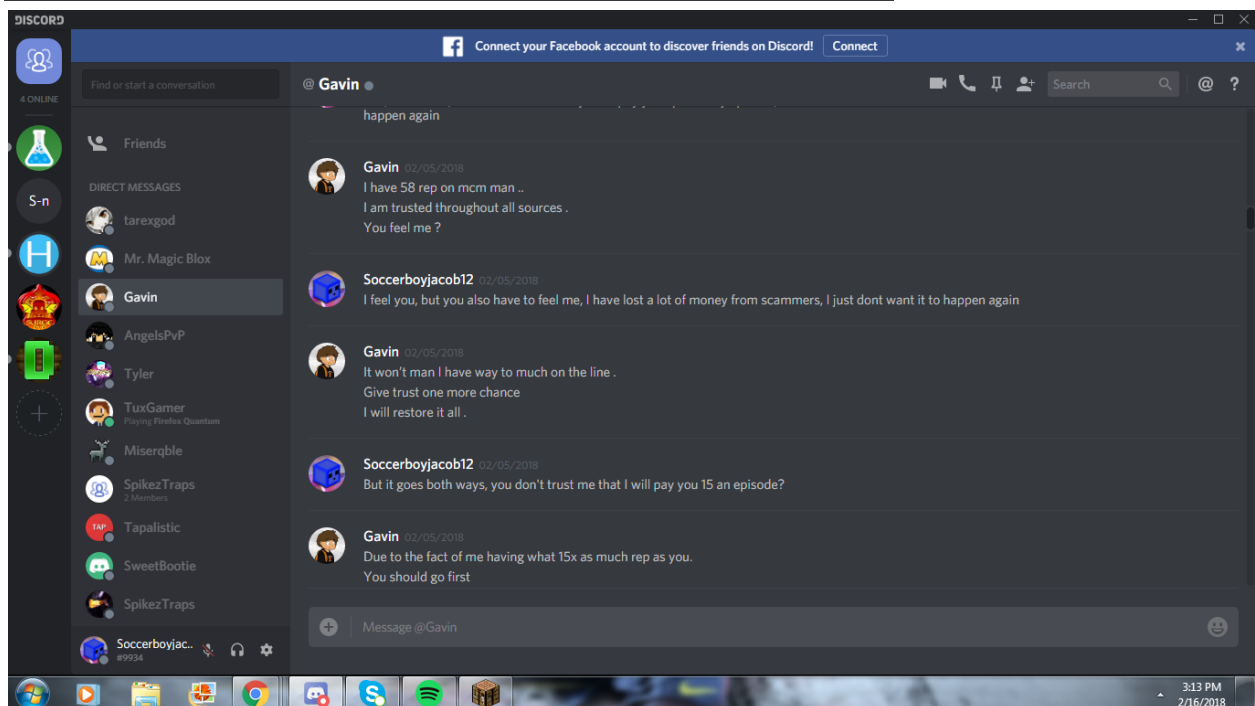

Our Agreement -

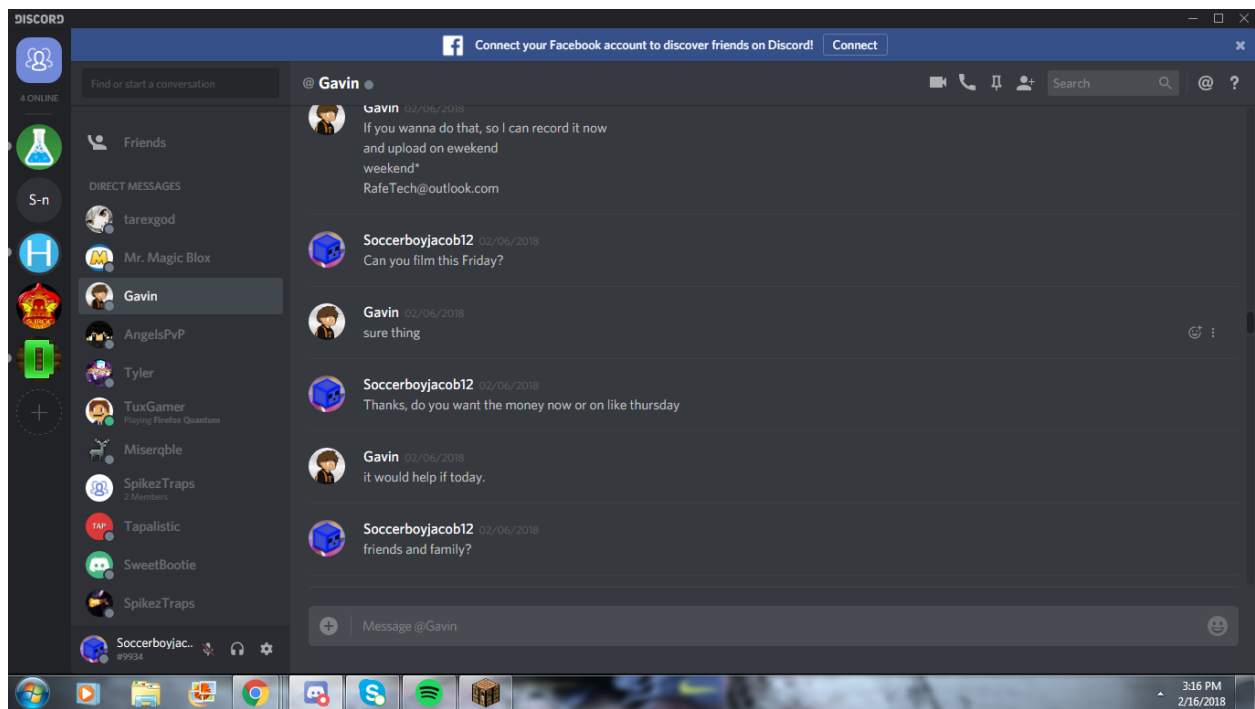

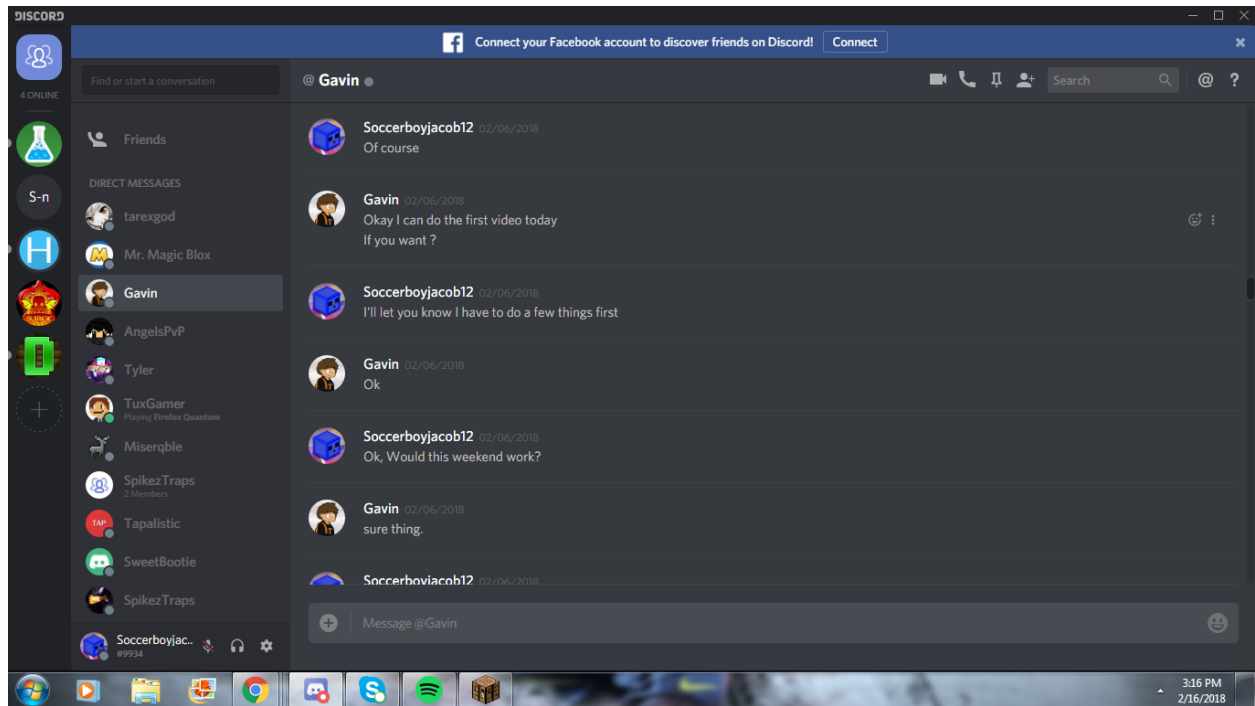

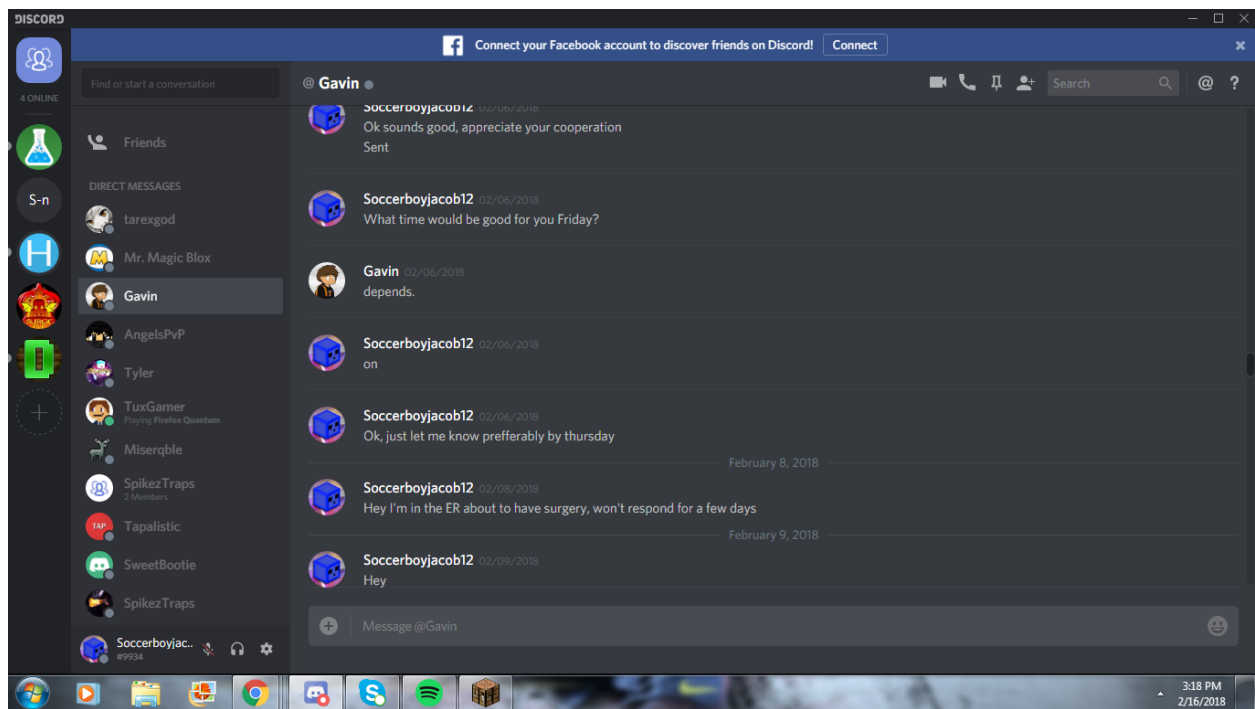

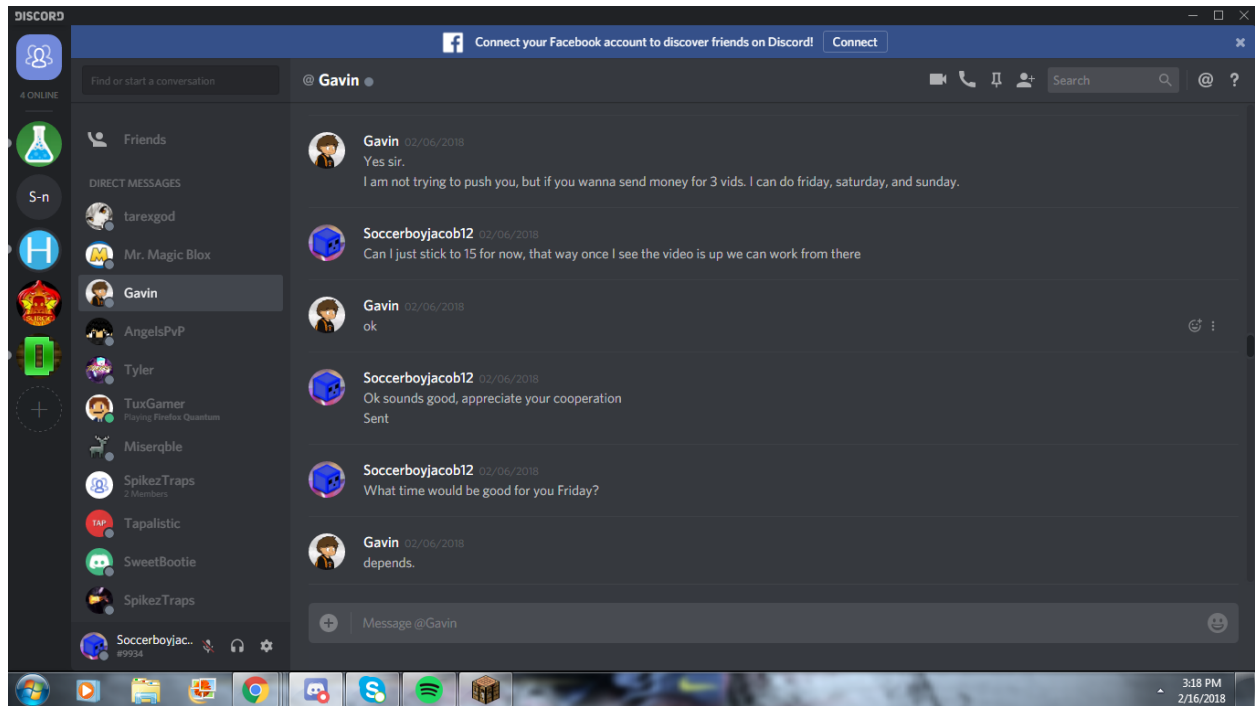

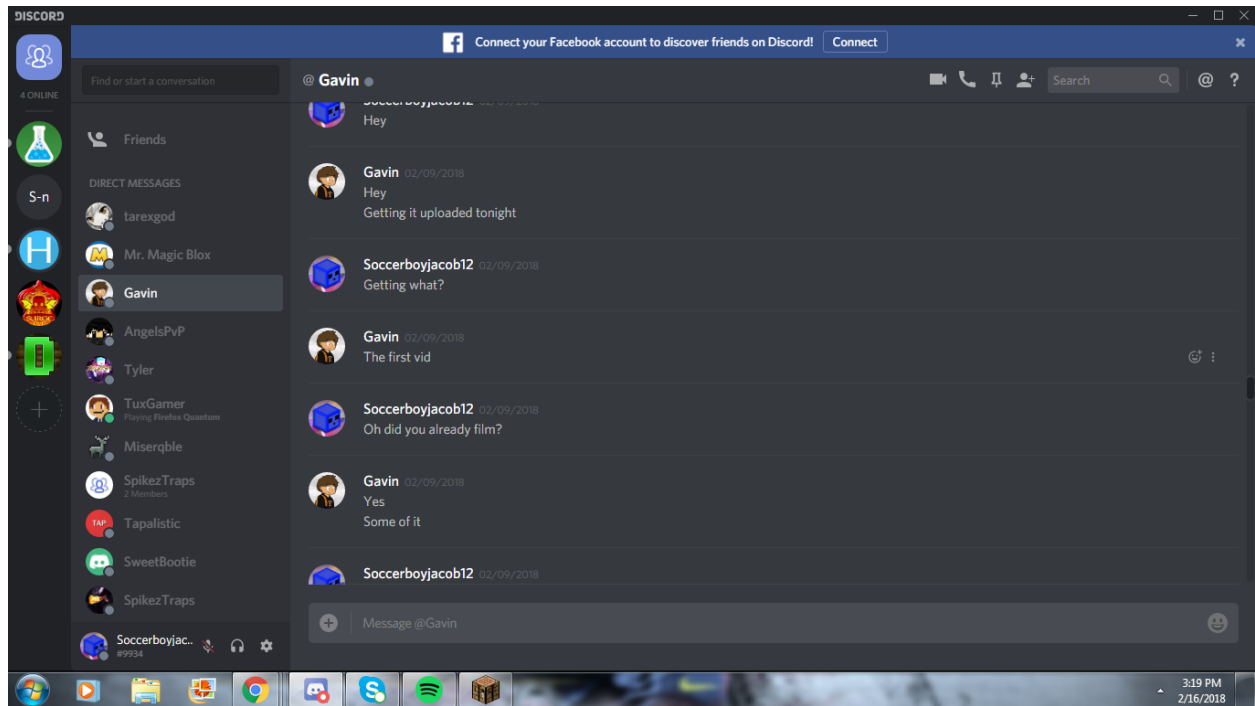

If Gavin were so truthful about filming a video every 4 days, 2 videos would already have been posted, however if you check his youtube, there isnt one video from my server. The videos should be on my server and in the descritption of the video it should say IP: play.surgepvp.net as you can see there are no videos even done on my server.

<https://m.youtube.com/channel/UCN1rZ2byUMW1GA0pEarwHdA>

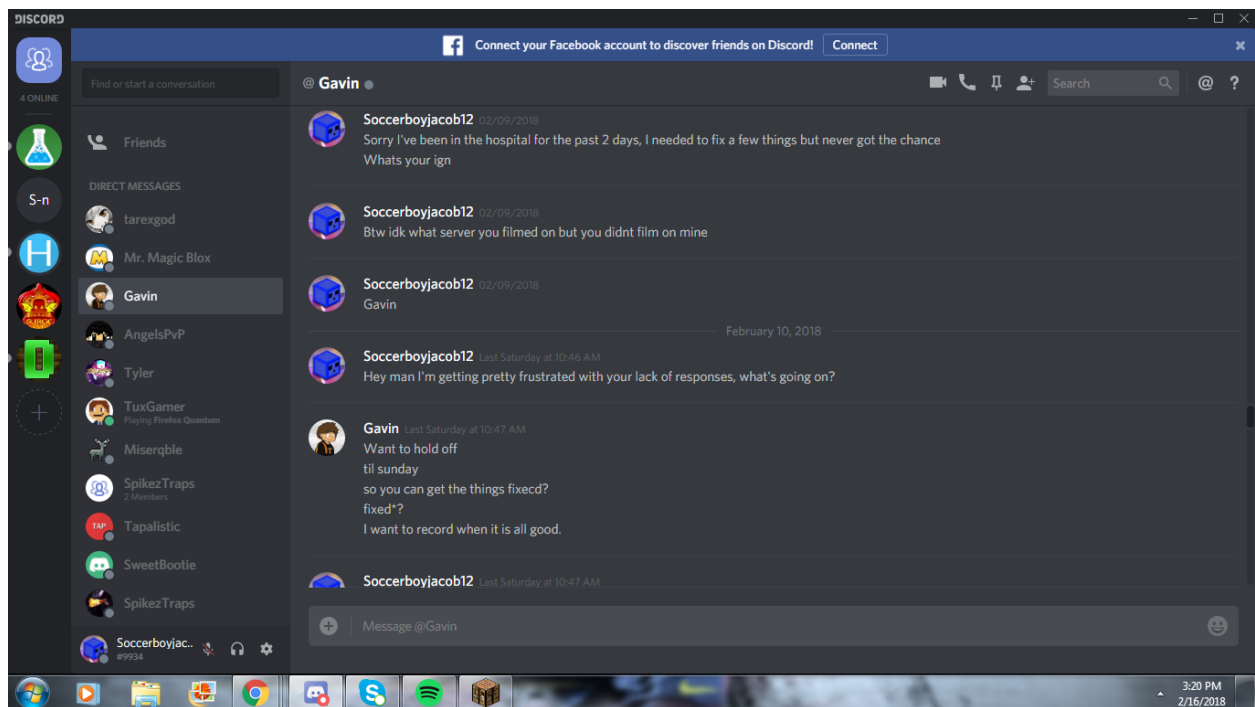

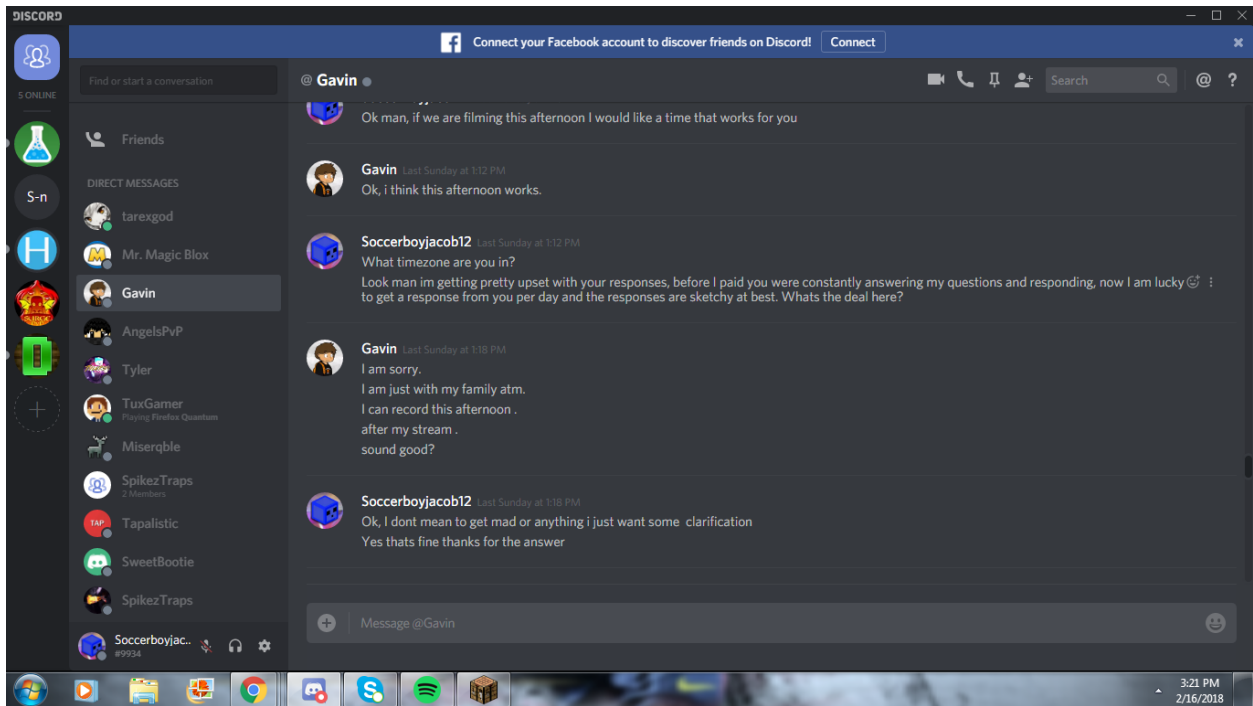

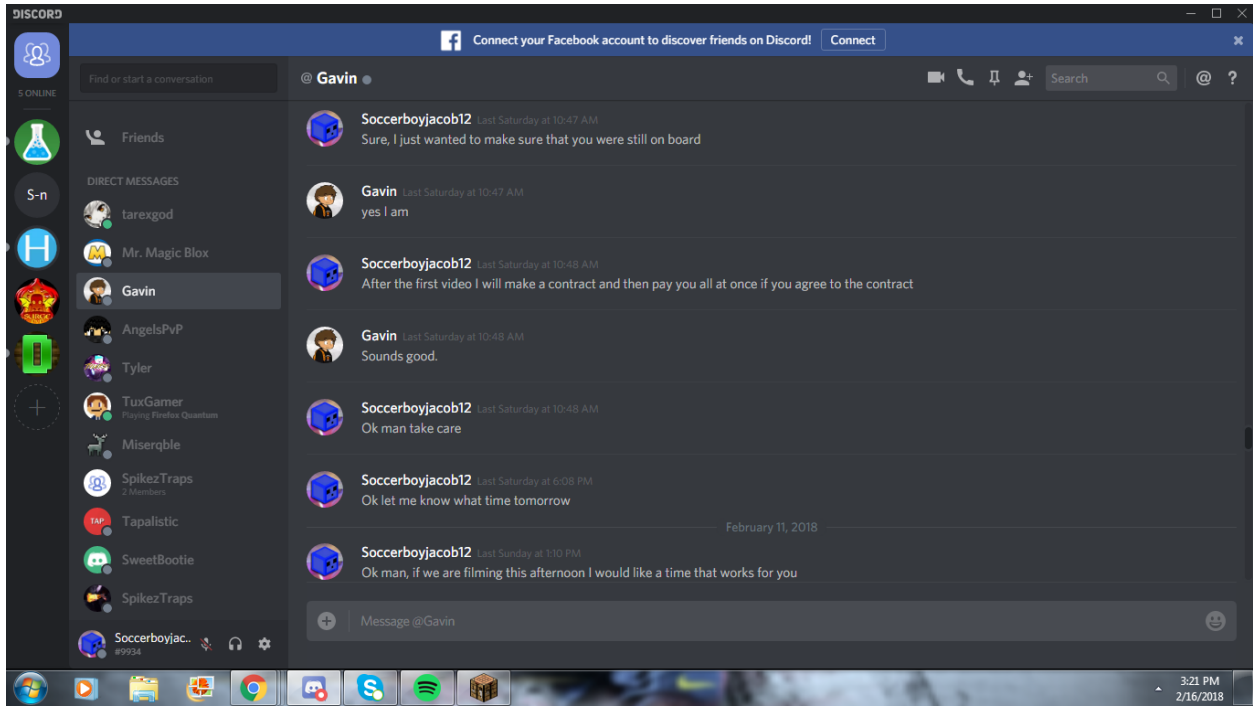

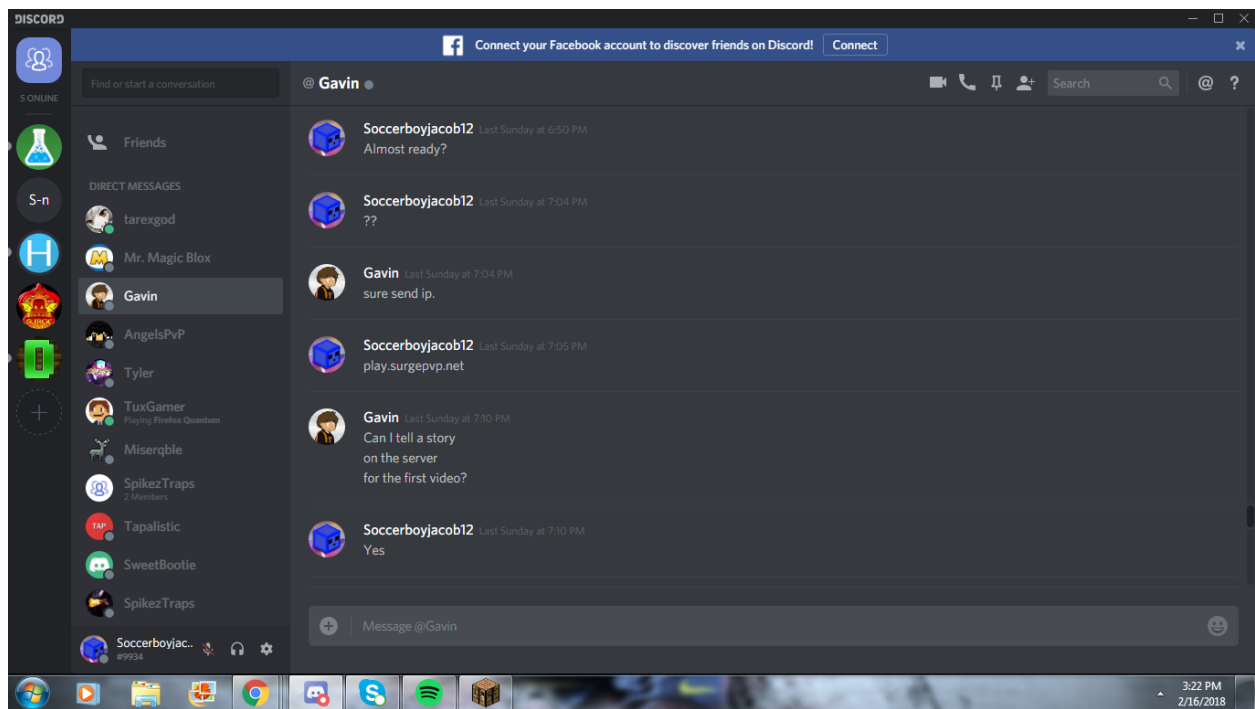

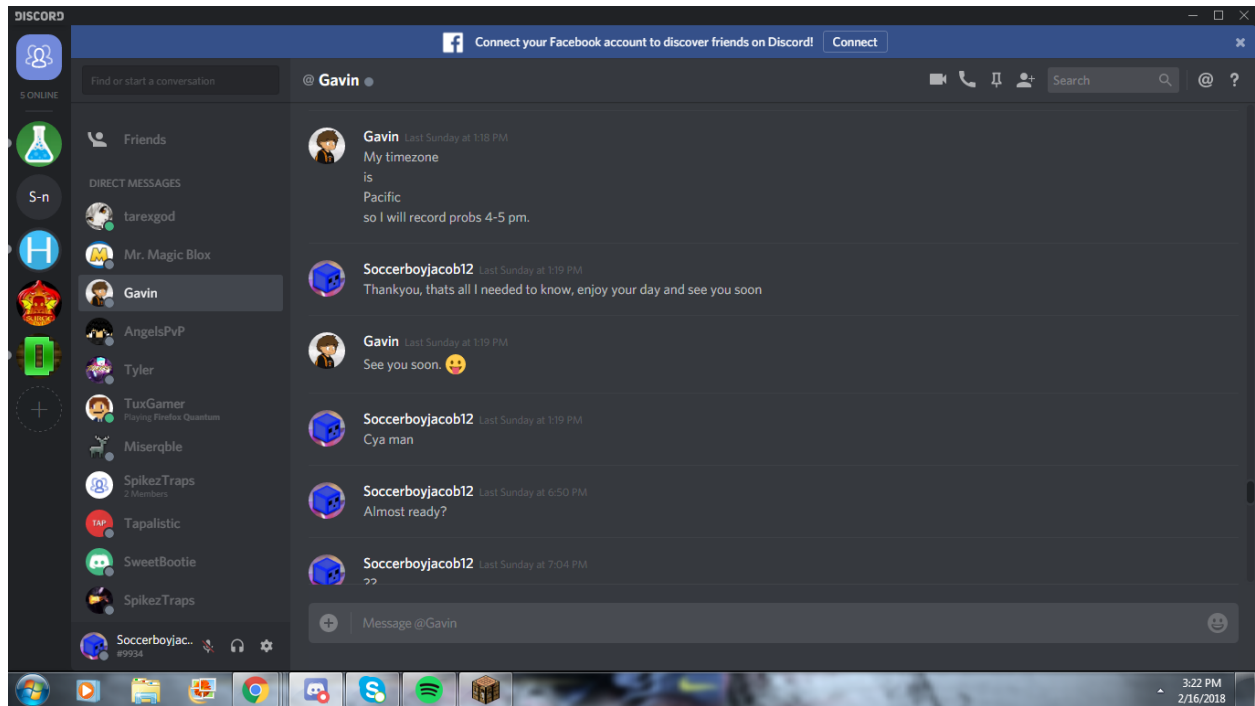

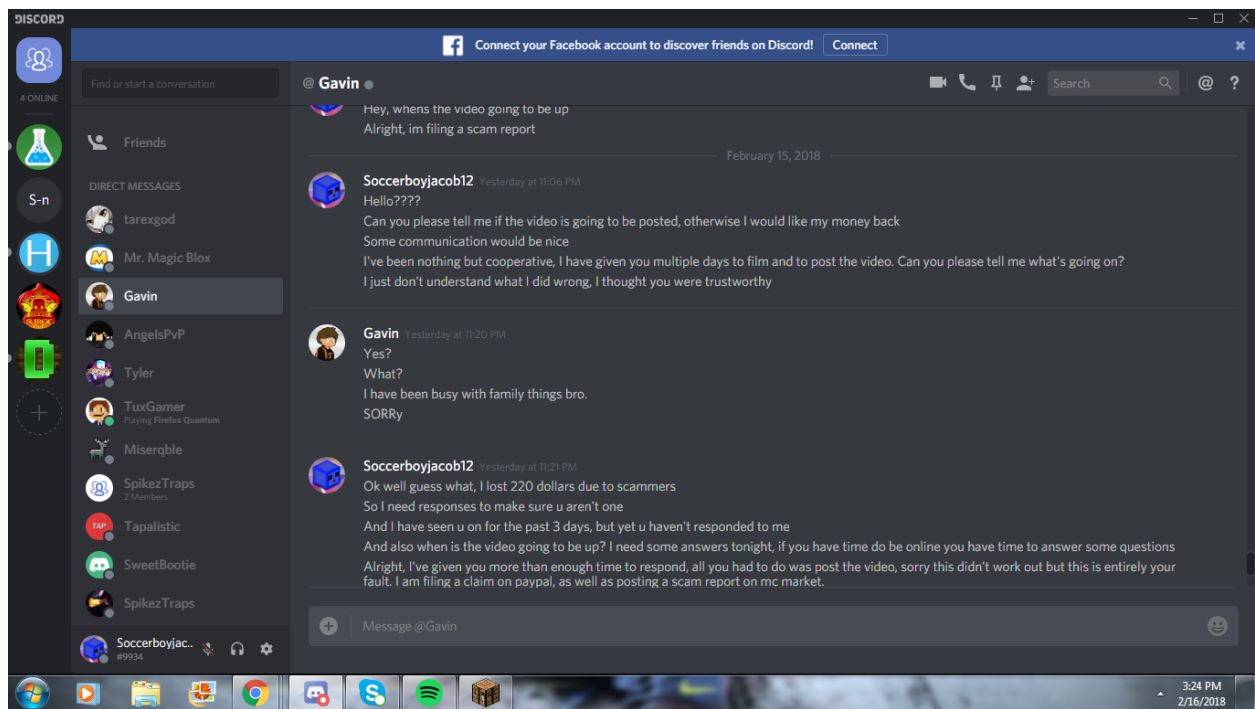

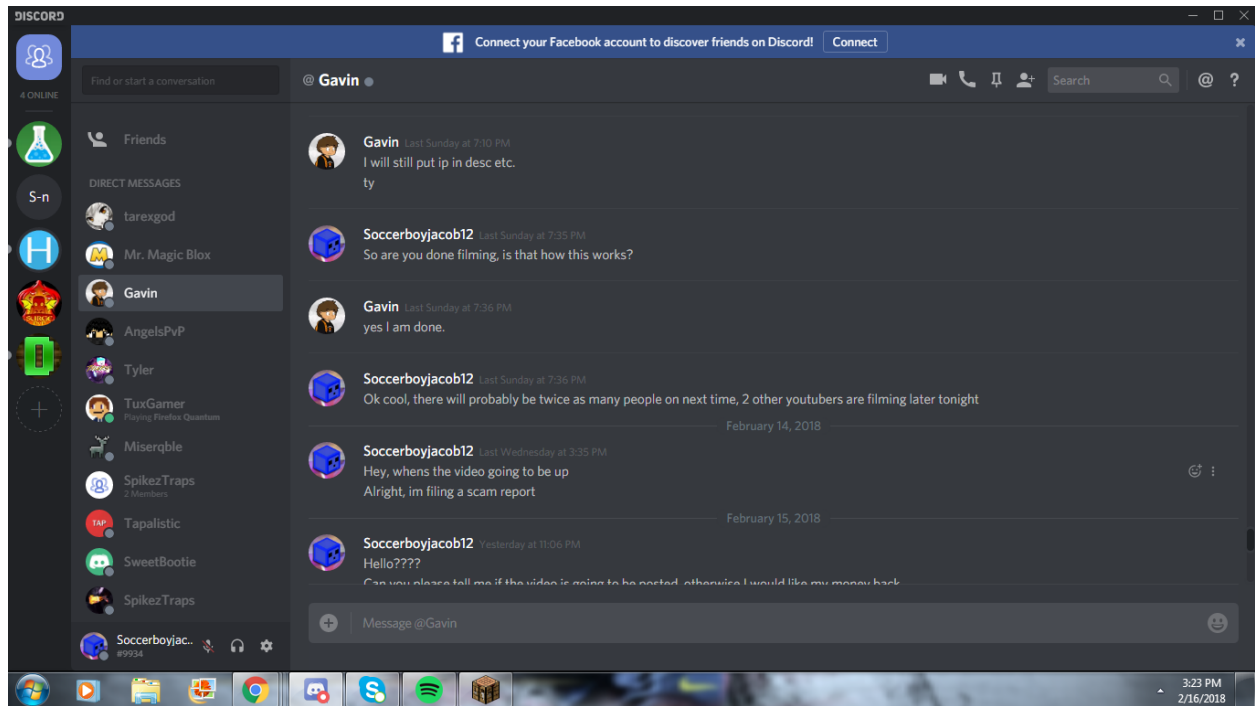

How could he have filmed if he didnt have the ip? Check the conversation above, I never gave him the IP.

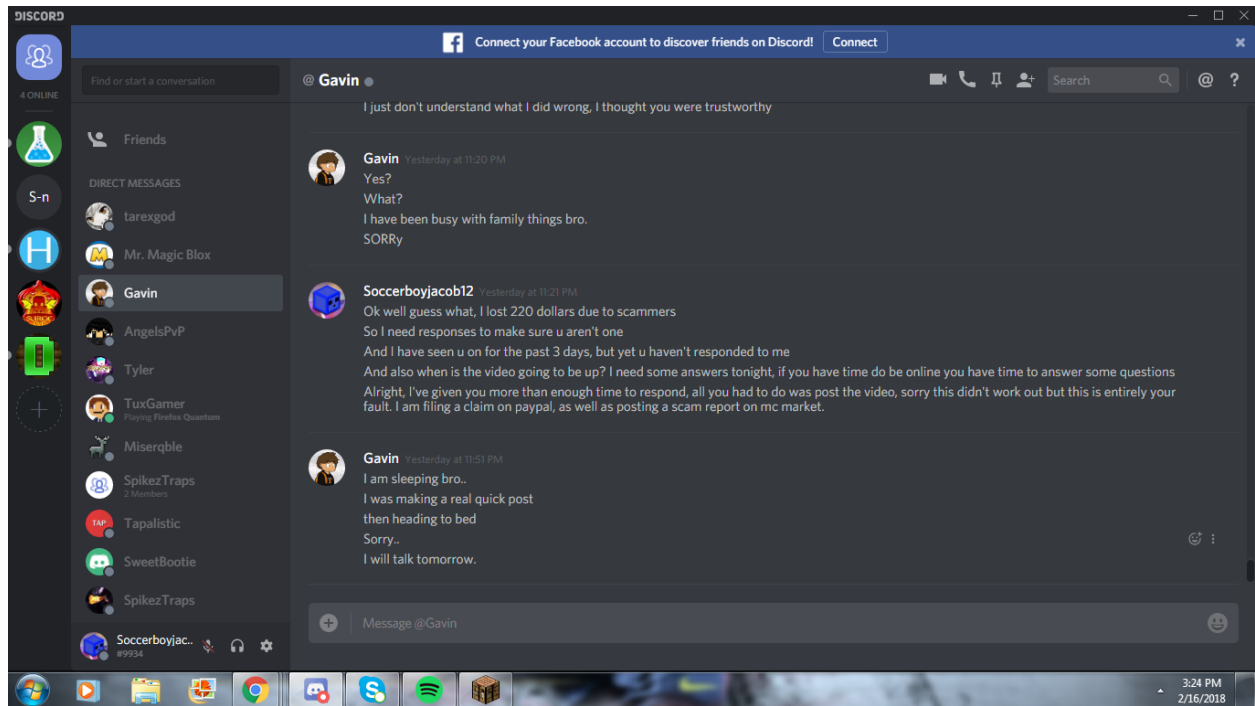

Ignores my question about how he could film.

As you can see once again, Gavin avoids all questions, puts things off by saying he had family issues, even though he was online the previous 3 days for multiple hours, and I cant even get a response from him. I believe he has no intention of putting the video up, if he had intention 2 videos would have been filmed and published on his youtube account already. Thanks for the time
