“Credential of Value” for Various Diploma Types: posted on CounselorTalk, 11/19/25 from Linsay Osos, CHE

- *For students in the 2025, 2026, 2027, and 2028 cohorts who are graduating under the current Core 40 diploma, the list they should use for graduation pathways is they are using an industry certification to meet box 3 of graduation pathways is 2023-2025 [Graduation Pathways Eligible Industry Certifications](#). **This list will no longer be used for any students beyond the 2028 cohort.***
- *Any student in the 2029 cohort and beyond, or in one of the above listed cohorts who is opting in to the new diploma and earning a seal will use Credentials of Value. [This memo](#) released by IDOE in May explains the requirements for each seal as it relates to Credentials of Value and provides links to the respective lists.*
 - *Students earning the Enrollment Honors Plus seal will utilize [this list](#) (also linked in the memo) which lists postsecondary credentials*
 - *Students earning either the Employment Honors or Employment Honors Plus seal will use [this list](#) (also linked in the memo) which lists both postsecondary and industry recognized credentials. The list for these two seals is the same, but the credential value requirement differs depending on the seal.*
 - *Students in the 2029 cohort and beyond who are graduating with the new base diploma and not one of the seals must meet boxes 2 and 3 of graduation pathways. Students who plan to meet box 3 of graduation pathways using an industry certification will need to earn one from the [employment seal list](#) (the same list as linked above) that scores 3.0 or better OR earn two certifications in the same career cluster that score 2.0 or better (this information is also included in the memo linked above).*
- Counselor Connect Spring '25 [Diploma Redesign Webinar Series OnDemand](#)
