

WELDON VALLEY

SCHOOL DISTRICT RE-20J

911 North Avenue Weldon, CO 80653 tel. (970) 645-2411 fax (970) 645-2377

Superintendent: Ben Bauman | Principal/Athletic Director: Greg Edson

Hello Warrior Family, Past, Present and Future

While we are in the closing phases of our beautiful expansion at Weldon Valley School, we are trying to celebrate our past as we build towards the future. Our District Accountability Committee (DAC) has embarked on an incredible journey to enhance the new building by adding the stories of our past. We are working on a couple of projects to gather Warrior relics and memorabilia that you are willing to donate to be on display in the new area. Our commons and concession stand area in the new expansion has been named "Warrior Way." To commemorate the stories of our past, we are looking for Warrior memorabilia that can be displayed in shadow boxes placed on the walls of this new area.

Items that we are looking for include but are not limited to: Vintage letters or letter jackets, FFA/Club banners or jackets, uniforms, patches, spirit items, etc.

These items can be brought to the main office at the school. When donated, we will gather your name, graduation year or ties to the school and contact information. The chosen items will be commemorated with a name plate naming those individuals that donated the items. Items not chosen for the wall will be given back to those individuals. We would like items to be dropped off at the school by Thursday, June 12th.

Due to state regulations, we cannot accept or display anything that includes Native American imagery.

The DAC has also been working on completing a timeline of the history of the Valley that ties our proud history of agriculture to the evolution of Weldon Valley School District as it is today. We want this expansion to be something that tells our story and ties our past together for future generations. We feel that the unique story of our school is one that needs to be shared as we have evolved from one room school houses in Weldon, Goodrich and Orchard to the current campus that continues to expand. We are working with the Fort Morgan Library to gather items for this piece of the project.

This Fall, we will also be announcing a new project that is entitled, "Branding Your Legacy." This project will incorporate cattle brands from throughout the communities that make Weldon Valley the hidden gem of Morgan County. Look forward to more information about this project coming out in August!!

Please feel to contact the DAC committee at dac@weldonvalley.org if you have any questions.
