5: if you made it this far, the codeword is I LOVEWING DOVEWING!

6: please put a watermark! I'm not sure if my editing program is capable of doing watermarks.

9: please no greenscreen/blue screen! My editing program sucks

10: please don't be afraid to ask questions! If you need to drop out, that's fine, but please tell me ahead of time so that I can fix it!

Now that you've read the rules, time for the designs!

Whitewing:

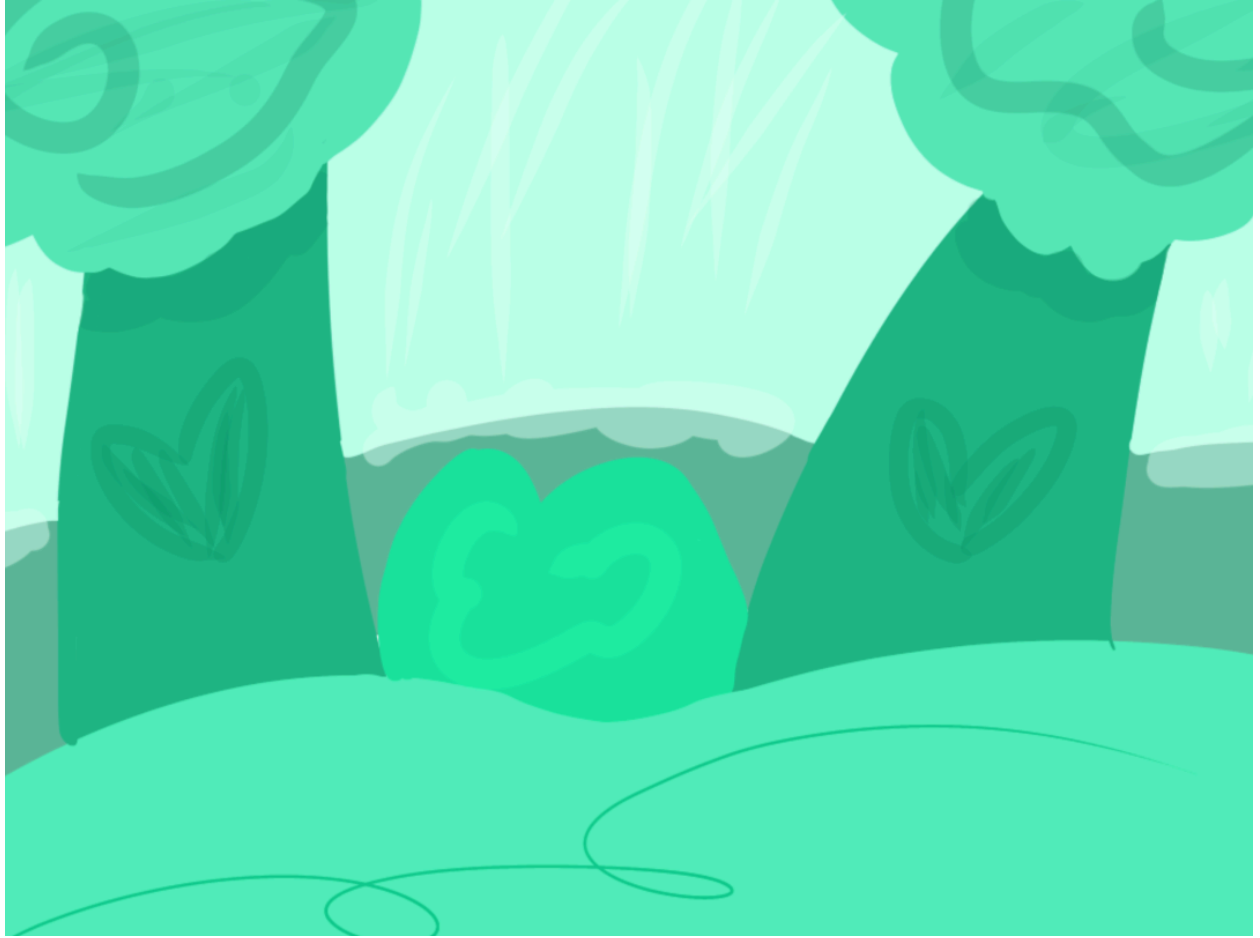

Birchfall:

- heart eyes
- Golden eyes
- slim
- kind of thin

Background ref:

EDIT\* Since people are putting **Cloudtail** in their part, I decided to make a set design for him!  
Note\* you don't have to use him, it's a choice! I would be really good if not all parts had him in!

Any other designs you would like to add are by Sweetfrost!

End of edit\*

Script:

This is non- scripted! You can do anything you'd like, but make sure to keep it kid-friendly!

If I missed anything, please tell me! I am pretty new to hostile maps correctly, so if I mess up somewhere, please tell me! Thank you!
