

"Dr. Katerina Gallus proudly served in the Navy for twenty years but fulfilled her life-long dream of creating a practice that centers around the patient experience in 2017. By offering state of the art surgical and non-invasive techniques in the relaxed and aesthetic environment of Restore SD Plastic Surgery she is pleased to deliver exceptional results and customer service to her patients.

She is joined by Dr. Gretchen C. Taylor, another proud Navy veteran with over a decade of experience in injectables and non-invasive laser and light treatments. Dr. Taylor enjoys bringing out the natural beauty of her patients. Dr. Gallus and Dr. Taylor are excited to offer their vision and expertise to the greater San Diego and Orange County areas.

The surgeons at Restore SD Plastic Surgery each have over a decade of experience with cosmetic and reconstructive surgery. Dr. Gallus is an active member of the American Society of Plastic Surgeons, the American Society for Aesthetic Plastic Surgery and the California Society of Plastic Surgeons. In addition to being fully credentialed, we take the time to listen to your goals and partner with you to develop the best and safest surgical plan that will optimize your results and leave you looking and feeling your best.

The team at Restore SD Plastic Surgery loves to connect with our patients. We understand the importance and personal choice in selecting a Plastic Surgery practice. Join us on a lifelong journey of health, wellness, and beauty!"
