

Blood Bound

COMPENDIUM CLASS

WHEN THE TIEFLING BLOOD-FUELED MAGICAL BOND BETWEEN YOU AND ANOTHER IS AWOKEN, YOU MAY CHOOSE SANGUINE SIBLING WHEN YOU LEVEL UP. YOUR BOND PARTNER MUST ALSO SELECT THE MOVE IN ORDER FOR IT TO FUNCTION.

☐ **Sanguine Sibling**

When you reach out through your magical bond to communicate with your bond partner, tell the GM a sentence or two that you wish to send as a message and roll+WIS. On a 10+ your partner hears your message in full, on a 7-9 choose 1 from the list below

- The communication distracts you from your own senses
- The magic of your bond is noticed by someone or something else
- Your partner receives your message only as images and feelings

ONCE YOU TAKE SANGUINE SIBLING, THE FOLLOWING MOVES COUNT AS CLASS MOVES FOR YOU, AND YOU CAN CHOOSE THEM WHEN YOU LEVEL UP.

☐ **'Til Death Do Us Part**

When your bond partner rolls Last Breath, your spirit will be at their side, granting them +1 to the roll.

☐ **Meaningful Eye Contact**

When you and your bond partner look into each other's eyes, you can speak to them telepathically.

☐ **Sympathetic Nerves**

Whenever your bond partner experiences an overwhelming emotion (GM's call) you will feel the emotion along with them, and gain a sense of their location relative to yours
