Özet: 200–250 kelimelik tek bir paragraf. Araştırma makaleleri için özet, çalışmanın genel bir değerlendirmesini sunmalıdır: (1) Araştırmanın arka planı ve amacı; (2) Kullanılan yöntem veya yaklaşımlar; (3) Ana bulgular veya sonuçlar; (4) Temel sonuçlar ve çıkarımlar.

Anahtar Kelimeler: anahtar kelime 1; anahtar kelime 2; anahtar kelime 3; anahtar kelime 4; anahtar kelime 5 (4–6 anahtar kelime)

1. Introduction / Pendahuluan

The introduction should briefly place the study in a broad context and highlight its significance. Define the purpose of the work, review the current state of the research field, cite key publications, and highlight controversial or diverging hypotheses when necessary. Conclude by stating the main aim of the work and the principal conclusions. (Delete this placeholder and begin writing here.)

2. Literature Review / Theoretical Framework / Tinjauan Pustaka / Kerangka Teoretis

Present a comprehensive review of the relevant literature and/or establish the theoretical framework that guides the study. Identify key concepts, debates, and gaps in existing scholarship that your research addresses. (Delete this placeholder and begin writing here.)

3. Methodology / Metodologi

Describe the research methodology with sufficient detail to allow replication. Specify the research design, data sources, sampling strategy, data collection procedures, and analytical methods. For qualitative research, explain the approach (e.g., ethnography, discourse analysis, archival research). For quantitative research, detail instruments, variables, and

statistical techniques. Address ethical considerations where applicable. (Delete this placeholder and begin writing here.)

3.1. Subsection Title / Judul Subbagian

Use subsections as needed to organize the methodology. (Delete this placeholder.)

4. Findings / Results / Temuan / Hasil

Present the research findings in a clear, organized manner. Use subheadings, tables, and figures as necessary. Provide a concise and precise description of the results, their interpretation, and the conclusions that can be drawn. All figures and tables should be cited in the text as Figure 1, Table 1, etc. (Delete this placeholder and begin writing here.)

5. Discussion / Diskusi

Discuss the results and how they can be interpreted from the perspective of previous studies and the theoretical framework. Explore the implications of the findings in the broadest context possible, including their relevance to the Indonesia–Türkiye comparative context. Highlight limitations and suggest future research directions. (Delete this placeholder and begin writing here.)

6. Conclusion / Kesimpulan

Summarize the principal findings and their significance. Restate the contribution of the study to the field and its implications for future research, policy, or practice. Avoid introducing new arguments or data in this section. (Delete this placeholder and begin writing here.)

Acknowledgments / Ucapan Terima Kasih *(optional)*

Acknowledge any support not covered by authorship or funding sections: technical assistance, donations in kind, institutional support, etc. If generative AI was used, declare the tool, version, and purpose here. (Delete this placeholder if not applicable.)

Conflicts of Interest / Konflikt Kepentingan

Declare any conflicts of interest, or state: “The author(s) declare no conflicts of interest.”

Author Contributions / Kontribusi Penulis *(for multi-author articles)*

Specify individual contributions using CRediT taxonomy: Conceptualization, A.A.; Methodology, A.A.; Writing—Original Draft, A.A.; Writing—Review & Editing, B.B.; Supervision, B.B. All authors have read and agreed to the published version of the manuscript.

Funding / Pendanaan *(optional)*

State: “This research received no external funding” or “This research was funded by [Funder Name], grant number [XXX].”

Ethics Statement / Pernyataan Etika *(if applicable)*

For studies involving human participants, state the ethics approval: “This study was approved by the Institutional Review Board / Ethics Committee of [Institute Name] (protocol code [XXX], date of approval).” State “Not applicable” if not relevant.
