Subject: Suspicions on Jungkook's Instagram account bowwow_bam being hacked.
Suspicious captions.

We are suspecting that Jungkook's Instagram account @bowwow_bam has been hacked because of the recent posts posted by the account today.

The first post had the caption:

“
Artists are not guilty”

The second post had the caption:

“Don't use them”

Our suspicions have been raised after the second post.

We as fans are stating our concerns about this matter and are asking you to look into the safety and the privacy of Jungkook's account bowwow_bam and Jungkook himself immediately.
