*This document is for use by any member of the sim to suggest a possible canon outcome from legislation, motions, or any other actions that have happened in game.*

*Please make a copy of this document, add your information, then send a link to your copy to the r/MHOCEvents modmail.*

*If you're not sure how to fill this out, or you only have the beginnings of an idea, please reach out to a member of the Events Team via Discord, and we will be happy to help you develop your proposal.*

### **Submitter Info**

Name of Person(s) Submitting:

Party Affiliation:

### **Canon Outcome**

*Please provide a short summary of what canon outcome you would like to see. Please try to include which groups this involves or impacts, whether it is parties in the sim or real life groups, and how it connects to the canon world of mhoc.*

*Example: The last government recently cut 10% from the Healthcare Budget. I propose that these cuts would result in hospitals having fewer beds. I think there would be massive outcry from doctors, surgeons, nurses and patient advocacy groups.*

### **Connection to Canon**

*Please link any relevant legislation, comments, or other canon material that might impact this outcome.*

### **Additional Support**

*Please include links to any real life statistics, news, reports, or anything else that support your canon outcome.*

**Thank you for completing this form!**

**If you do not receive a response within 48 hours of submission, please message the Events Coordinator SapphireWork#8619**
