## Meet ADA Bundle

ADA Bundle is the first **all-in-one** SaaS platform that helps website owners improve their website accessibility in minutes and become fully ADA Compliant in ONLY three steps...

### Is Your Website ADA Compliant?

The Americans with Disabilities Act (ADA) requires businesses to make accommodations for people with disabilities. Web content should be accessible to the blind, deaf, and those who must navigate by voice, screen readers or other assistive technologies.

#### Benefits:

- ⇒ Avoid lawsuits (Over 10k websites have been sued this year alone for not being ADA compliant... and this figure will skyrocket in 2023)
- ⇒ Rank higher on search engines. (Google loves accessible websites)
- ⇒ And tap into a massive brand new market.

**Internationally**, ALL websites need to comply with the official Website Accessibility Guidelines (WCAG). In addition, in the US, all websites need to comply with the Americans with Disabilities Act (ADA).

So wherever you live, this most likely applies to you as well as your clients.

If you slip up in even the slightest in any one of these areas, it could be game over for your bank account... and a lawsuit could be headed your way.
