

# Privacy Policy for Crypto Price Alert App

This Privacy Policy describes how the Crypto Price Alert App collects, uses, and shares information when you use the App. By using the App, you agree to the terms of this Privacy Policy.

## Information We Collect

When you use the App, we may collect the following information:

1. **Name and Email Address:** We collect your name and email address to personalize your experience within the App and sync your data with our cloud services.
2. **Google or Apple Sign-In:** If you choose to log in using Google or Apple sign-in, we collect your name and email address from your Google or Apple account for account creation and data syncing purposes.
3. **Device ID:** We collect a unique identifier associated with your device to trigger personalized and device-specific notifications or alarms.
4. **User ID:** We assign a unique identifier to your user account for internal tracking and analytics purposes.
5. **Product Interaction:** We collect data on your interactions within the App, such as the features you use and how you navigate through the application. This information helps us improve the App's usability and functionality.
6. **Crash Data:** In the event of an application crash, we may collect data related to the crash to diagnose and address technical issues, ensuring a better user experience.

## How We Use Your Information

We use the collected information for the following purposes:

1. **Account Creation:** Your name and email address, including those obtained from Google or Apple sign-in, are used to create and secure your account.
2. **Personalization:** Your name, device ID, and user ID are used to personalize your experience within the App and alarms or notifications.
3. **Data Syncing:** Your email address, including those obtained from Google or Apple sign-in, is used to sync your data with our cloud services, ensuring that your information is accessible across your signed-in devices.
4. **Product Improvement:** Product interaction and crash data are used to analyze and enhance the App's features, usability, and overall performance.

## Data Security

We take reasonable measures to protect your information from unauthorized access or disclosure. Your data is securely stored and transmitted using industry-standard encryption protocols.

## Data Sharing

We do not sell, trade, or transfer your personal information to third parties. Your information is used solely for the purposes described in this Privacy Policy.

**Changes to Privacy Policy**

We reserve the right to update this Privacy Policy from time to time. Any changes will be reflected in the updated policy, and we encourage you to review it periodically.
