TREEHOUSE HOTEL MANCHESTER

One of the UK's hottest openings for 2025

[Treehouse Hotel Manchester](#), part of SH Hotels & Resorts, is set to open late summer in Deansgate, right in the heart of Manchester City Centre.

In true Treehouse Hotels style, the Manchester hotel will be fun, fresh, and fabulous – designed to appeal to the youthful spirit in all of us and inspired by life's joys. The building is redeveloped in collaboration with UK-based 93ft to restore the building, incorporating organic aesthetics to create a comfortable oasis and playful rooms encouraging guests to relax and enjoy.

The 216-room hotel will be filled with an abundance of dappled light and natural scent of pitch pine, reminiscent of entering a secret forest. Thoughtful design details allow travellers to share ideas, stories, and connect with local community including hopscotch carpets; stepping-stones in lift lobbies; custom-designed space hoppers in the hotel gym, and an invitation for visitors to carve their stories into a central living wooden art piece that will grow over time.

As part of Treehouse Hotel Manchester's unique offerings, the hotel will present three unique new dining and drinking experiences in the city, including a top-floor restaurant and bar with uninterrupted views of the city, and a crowning rooftop venue.

At Pip, diners can expect dishes that reimagine the potential of each ingredient served throughout the day. Offering breakfast, lunch, and dinner, as well as a convenient grab-and-go option for busy city dwellers, Pip's seasonal all-day menu focuses on utilising produce sourced from local farms.

Mary-Ellen takes an innovative and conscientious approach to cooking, crafting new flavours from unconventional ingredients. The menus reflect her talent and creativity, complementing a thoughtfully curated wine and drinks list.

Dish highlights include Carlingford oysters with fennel kimchi liquor; Home-smoked mackerel with pickled beets, mustard cream, and rye; Lancashire hotpot with pickled red

cabbage and oyster ketchup; Rhubarb fool with olive oil biscuits. Sustainability efforts extend to the drinks offered at Pip. The wine programme focuses on small boutique-produced, environmentally conscious and sustainable wines.
