Titles in english (Sentence case, tidak lebih dari 15 kata, arial 14, bold, spasi 1, centre)

Judul Terjemahan dalam bahasa Indonesia (Arial 12, italic/miring, capitalized each word, tidak lebih dari 15 kata)

Nama Penulis Tanpa Gelar[1*], Nama Penulis Tanpa Gelar [2] (Arial 11, Bold, Centre)
[1]Program Studi/Jurusan, Nama Instansi, Kota Asal Instansi, Negara Asal Instansi, (Arial 11, spasi 1, Centre)
[2]Program Studi/Jurusan, Nama Instansi, Kota Asal Instansi, Negara Asal Instansi, (Arial 11, spasi 1, Centre)
*Email: (author korespondensi), No Tlp :

ABSTRACT (ARIAL 11, BOLD, ITALIC, CENTRE, SPASI 1, HURUF BESAR)

Background: *Briefly explain the research problem, the importance of the topic, or the research gap that forms the basis of the study.*
Objective: *State the main purpose of the study clearly and concisely.*
Methods: *Describe the study design, study population or data source, sampling technique, data collection procedures, and data analysis methods used in the study.*
Results: *Present the main findings of the study that address the research objective. Important numerical results or key findings should be included when relevant.*
Conclusion: *Provide a concise conclusion based on the main findings of the study and its implications.*
The abstract is written in English using Arial 11, italic, single spacing, and justified alignment. The abstract should consist of ***150–250 words*** *and briefly describe the background, objective, methods, results, and conclusion of the study.*

Keywords: *key word 1, key word 2, keyword 3, key word 4, key word 5 (Arial 11, italic, spasi 1, justify, maks 6 kata)*

ABSTRAK (ARIAL 11, BOLD, ITALIC, CENTRE, SPASI 1, HURUF BESAR)

Latar Belakang: Jelaskan secara singkat masalah penelitian, pentingnya topik, atau kesenjangan penelitian yang menjadi dasar penelitian.
Tujuan: Nyatakan tujuan utama penelitian dengan jelas dan ringkas.
Metode: Menjelaskan desain penelitian, populasi studi atau sumber data, teknik pengambilan sampel, prosedur pengumpulan data, dan metode analisis data yang digunakan dalam penelitian.
Hasil: Menyajikan temuan utama penelitian yang membahas tujuan penelitian. Hasil numerik penting atau temuan utama harus disertakan jika relevan.
Kesimpulan: Berikan kesimpulan ringkas berdasarkan temuan utama penelitian dan implikasinya.
Abstrak ditulis dalam bahasa Indonesia menggunakan Arial 11, miring, spasi tunggal, dan penyelarasan yang dibenarkan. Abstrak harus terdiri dari **150-250 kata** dan secara singkat menjelaskan latar belakang, tujuan, metode, hasil, dan kesimpulan penelitian.

Kata kunci*: kata kunci 1, kata kunci 2, kata kunci 3, kata kunci 4, kata kunci 5 (Arial 11, spasi 1, justify, maks 6 kata)*

INTRODUCTION (Arial 11, space 1, bold, CAPITAL)

The introduction contains the background, context of the research, the results of the literature review, and the purpose of the research. METHODS (Arial 11, space 1, bold, CAPITAL)

Study design (Arial 11, space 1, bold)

This section describes the research design used in the study, including the type of study, time and location of the study, and the study setting or population (Arial 11, space 1, justify).

Data source and sampling procedure (Arial 11, space 1, bold)

This section explains the source of the data (primary or secondary), the study population, inclusion and exclusion criteria, sampling technique, and the total number of samples or participants included in the study (Arial 11, space 1, justify).

Variables of the study (Arial 11, space 1, bold)

This section describes the variables examined in the study, including independent variables, dependent variables, and other relevant variables. Each variable should be clearly defined (Arial 11, space 1, justify).

Data collection (Arial 11, space 1, bold)

Explain the procedures used to collect the data, including the instruments or tools used, the steps taken during data collection, and the personnel involved in the process. Provide sufficient detail to allow replication of the study (Arial 11, space 1, Justify).

Measurement and instruments (Arial 11, space 1, bold)

Describe the measurement tools or instruments used in the study, including questionnaires, laboratory tests, observation sheets, or other devices. Provide information regarding the validity and reliability of the instruments when applicable (Arial 11, space 1, Justify).

Ethical considerations (Arial 11, space 1, bold)

State the ethical approval obtained from the relevant ethics committee or institutional review board. Mention the approval number and describe how informed consent and participant confidentiality were maintained (Arial 11, space 1, Justify).

Data analysis (Arial 11, space 1, bold)

Describe the statistical or analytical methods used to analyze the data. Include the software used, the statistical tests applied, and the criteria for determining statistical significance (Arial 11, space 1, Justify).

RESULTS (Arial 11, space 1, bold, CAPITAL)

Contains an explanation of the results of the analysis related to the research question. It can be in the form of tables, pictures and it is necessary to include an explanation of the table and pictures.

Contains an explanation of the results of the analysis related to the research question. It can be in the form of tables, pictures and it is necessary to include an explanation of the table and pictures. (Arial 11, space 1, Justify). 3 (references using the AMA

DISCUSSION (Arial 11, space 1, bold, CAPITAL)

The discussion contains the meaning of the results and comparison with similar theories and/or research results, limitations, advantages, and research implications[5]. Please adjust the citation format to IEEE style (numbered references in square brackets) and place the citation before the period at the end of the sentence
(Arial 11, spasi 1, Justify).

The discussion contains the meaning of the results and comparison with similar theories and/or research results, limitations, advantages, and research implications [6]. Please adjust the citation format to IEEE style (numbered references in square brackets) and place the citation before the period at the end of the sentence
(Arial 11, spasi 1, Justify).

CONCLUSION (ARIAL 11, SPASI 1, BOLD, CAPITAL)

The conclusion is presented in the form of paragraphs. Contains research findings in the form of answers to research questions or in the form of the essence of the results of the discussion. The conclusion is not made of numbers or other signs, it must be in the form of a sentence. Include suggestions/recommendations from the findings (Arial 11, space 1, justify)
