PROFESSIONAL EXPERIENCE

NAME OF THE COMPANY

City, State

Consultant (post-MBA role)

Sep 20xx – Jun 20xx

- **Manufacturing:** Improved profitability of leading European manufacturer of premium wood-based panels for surfaces (e.g., offices, kitchens); Led workstream of two Associate Consultants to define commercial full-potential strategy, identifying \$55M
- **Insurance:** Identified 5-10% in profitability improvement potential for top-10 German insurance company; led team of one Associate Consultant and one Intern to conduct extensive quantitative and qualitative benchmarking of distribution unit
- Worked with Firm recruiting department, conducting interviews with applicants, leading recruiting workshops, and providing case interview preparation to applicants

Senior Associate Consultant

Sep 20xx – Jun 20xx

- **Technology:** Led workstream to transform product portfolio of leading German IT-provider into end-to-end service portfolio, increasing revenues (projected revenue increase of >\$10M), affecting 40,000 workstations of end consumers
- **Healthcare:** Optimized German service business of top-3 global medical technology player, realizing \$10-15M in cost savings (~30% of total cost savings identified by Bain team); reduced use of expensive parts during servicing process of medical equipment through improved up-front diagnostics and service standardization; assessed feasibility of global roll-out of cost saving initiatives
- **Private Equity Group:** Conducted 16 Commercial Due Diligences (sell- and buy-side) for mid-/large-cap PE funds: Built quantitative model to analyze and evaluate growth potential in Chinese market to support EUR 2B private equity deal, selling Germany-based tableware manufacturer to leading French consortium manufacturing appliances
