

Hey baby, if you're reading this you've said yes to being my valentine and I'm officially the happiest man in the world, I love you so much and I took you to Google Docs because this is where we started so long ago, and still one of my favorite things ever.

You're the best thing that ever happened to me, the greatest gift I could ever hope to receive, my time with you has been the happiest I've ever had and I can't wait to spend this Valentine's Day with you and spend every day after together too. I have an infinite amount of things to say to you, about how special you are, about how much you matter to me, but for now I'll stick with these three words, I love you Lina.

And now, here is a tulip for every day we've been together, and here is also a little reminder to go text me because I've been very nervous writing this and I'm excited to hear from you, 我爱你然然
