Nelson

24th Sat. 7pm Public talk, **"A World Beyond War: Is it Possible?"**

Most human beings long for peace, but is it possible in a violent world? This presentation will look at an alternative system for global security, and what it will take to bring this about in light of current wars, especially Ukraine and Palestine. Could Aotearoa lead the way by transforming its military? We expect a lively discussion to follow.

Victory Community Centre, 2 Totara Street, Nelson South

A light supper will finish off the evening. John MICHAELIS <john@michaelis.net>
