

Creativity - Student Friendly Deep Learning Progression

Being able to see and take opportunities, creating new ideas or products, leading others.

Dimension	Limited Evidence (little or no evidence of progress in this area yet.)	Emerging (initial signs of criteria being met, often in isolation and/or requiring support)	Developing (increasing level of independence and initiative demonstrated.)	Accelerating (greater level of initiative, persisting to a solution often in collaboration with others)	Proficient (applying knowledge in unfamiliar contexts, able to teach others)
Leadership to turn ideas into action.	I have ideas, but I'm not ready to share them or work with others to make them happen.	<p>I am starting to share some of my ideas and work with others to create something new.</p> <p>I am beginning to take responsibility for parts of tasks.</p> <p>I sometimes take the lead in our creative team.</p>	<p>I know my strengths, and the strengths of others, and how we can work together to get good results.</p> <p>I understand that to succeed, I need to encourage teamwork and make compromises to reach goals.</p>	<p>I know and use our team members' skills and interests to reach our goals.</p> <p>I encourage others to join in and be part of our creative work.</p> <p>I help others learn and build their skills.</p> <p>My teammates respect how I communicate and work with them, as we learn and create together.</p>	<p>As a leader, I show resilience, keep trying, and share my positive attitude with others.</p> <p>I solve problems and inspire others to do the same.</p> <p>I know how to create successful change and communicate this within my team.</p> <p>I can lead a team to create something and make our vision come true.</p>
