20.30 Dinner

18 January 2023 (Wednesday)

Venue: Escuela Técnica Superior de Ingenieros de Telecomunicación - Avda. Complutense, 30.
28040 Madrid. Building C; Room: SPC

9.00 - 11.00 “Infographics”
Each START University brings two infographics/similar self-explanatory material for all to be understand two aspects:
 (1) What is already in place at your university to support first-year undergraduate students in transition to HE? (actors involved, services, units, etc.)
 (2) How do students access university in your country? What do we need to

**Funded by
the European Union**

know about how your pre-university education is organised and how students get access to university in order to better understand the particularities of transition to HE in your country?

You will have 10 min to present both 'infographics' and then there will be time for those who want to ask you more questions to engage in a discussion with you (and for you to engage in discussion with those to whom you want to ask more questions)
