

« Do you ever wonder what you would be doing if you weren't where you are right now? »
Anna asked, looking intently at Louis

« I'd probably be in a normal high school hanging out with a couple of friends and still making music in my bedroom, what about you? » he responded, as if he had practiced his answer a thousand times before

« I don't know where I'd be »

« Well you're not there anyways so no point thinking about it »

She smiled, staring at the lights that illuminated this lake

They were both silent, it felt like they didn't need to talk, like the silence was everything they needed between them

Then, her phone rang

She responded and said a few words before hanging up

When she turned to Louis he was close, way too close, he was staring at the phone and then back at her

she backed up and explained that they had to go back home, then he checked his phone

« Damn I'm getting cooked »

« Why? »

He showed his phone, a ton of notifications of Jay and the other boys spamming him

« some of those are from hours ago » she looked at him, confused as to why he didn't respond

« yeah »

« why didn't you respond? »

« Didn't want them to ruin a peaceful moment like this one »

She stared at him, bewildered

Then she grabbed his hand, got up and started walking back to her house, her hand still in his

Finally when she arrived home, she looked back at him and smiled

« Thank you »

« Anything for you »

She went inside, waving goodbye to him

A Little later she was on her bed, she grabbed her phone and texted the gc

The big A's

Anna

Guys pls help me

Sienna

Anna texting first? Did something happen?

Anna

I need tips

Arietta

About?

Anna

I can't keep hiding my feelings from him, it's too much to bare now

Lucia

Woah, did something happen

Anna

He told me I'm pretty like the view, and he took me out to a lake when I told him I felt bad, he even ignored his CEO and his friends so it "wouldn't ruin the peaceful moment"

Arietta

That boy loves u

Sienna

Wait that's so cute

Lucia

I'm too single for this bullshit

Anna

But I don't want to confess and then he rejects me, it would be so damn embarrassing

Sienna

Shoot your shot girl

Arietta

Fr, it isn't embarrassing at all

Lucia
I'll tell him if u don't

Anna
I'll tell him in a week

Then she put her phone down and started thinking about the whole moment

Louis finally got back to the dorm, it was 9pm and he hadn't been seen since 6pm

The boys all came out of their rooms when they heard the door click

« Where the hell did u go!? » Ryul grabbed his shoulders

« out »

« With who! » Ohyul asked seemingly mad but not as much as Ryul

« Someone »

« Was it Anna? » Woojin questioned

Louis stayed quiet, it was obviously her

« damn it Louis you can't just dissapear for 3 hours and not tell us » Ryul let him go

« You missed like 1 hour of practice you know that? » Ohyul continued, standing next to Ryul

« did she call you or? » Woojin asked, looking suspicious

« She told me she was feeling lonely » louis uttered

« And? » Woojin looked at him

« I led her to the lake with lights, and we talked for a couple hours » he shared

« Louis when are you gonna tell her? » Ohyul asked, looking serious

« You literally told us that you didn't feel very comfortable going out with your then girlfriend but you go out anytime you can with Anna, even abandonkng your schedule » Ryul laid down the facts

« She's different » he responded, looking guilty

« Right. »

Anna got up, feeling a bit better, she ate breakfast and went out for a walk, going out to buy some candies for her secret stash

Then she went to a cafe and ate a piece of cake before finally going back home and cleaning her messy bedroom

After a couple of hours she finally cleaned her whole room and decided to lay down, to rest a bit

Then she got a notification

Lou Lou👁👁👁👁

Lou Lou👁👁👁👁

Yo wanna go eat dinner together tonight?

Anna

Can we pretty please go to McDonalds

Lou Lou👁👁👁👁

Kay big back

Anna

U is talking?

Lou Lou👁👁👁👁

😎😎😎

She put her phone down, smiling at the ceiling like a crazy lady

It was 4pm meaning she had 2 hours to get ready

Even if it was just to have dinner, she didn't want to look bad

She sat down at her vanity and put on some makeup, doing her usual makeup look

Then she looked at her wardrobe which she had organized earlier that day, she picked out an off the shoulder white top and some low waisted blue bootcut jeans with a pair of boots and those spiky hairbands

By the time she was done getting ready it was 5:50 and she realized she hadn't asked where they'd meet up

As she was about to text him, the doorbell rang

It was Louis, in a pair of baggy jeans, a white tshirt and chunky black shoes

"you look pretty" he immediately said, not wasting a single second

"You look handsome" she replied, smiling at him

They started walking to their destination, it wasn't far at all and Louis knew Anna liked walking

Finally when they arrived they ordered menus and sat down, it wasn't fancy or anything, just a chill hang out

They stayed there a couple hours talking about everything going on in their life, even tho they had said so much yesterday, they had so much more to talk about today

She felt comfortable sharing anything with him, their hangouts didn't feel forced, they didn't feel set up

After eating they walked around a bit more before finally starting to head home

"So did you think about a response to what you would be if you weren't here right now?" Louis asked

"I'd probably be a normal high school teenager, and we probably wouldn't have started talking as friends again"

"Aw you thought about me while answering" he snickered

"Don't get cocky" she slapped his arm

When she finally arrived in front of her home, she turned around to face him

"Thank you"

"Of cou-" before he could finish she laid a kiss on his cheek, and then went inside

He was left there, touching the spot where she had left her lips for a single second
