

Kids Planet Discovery

- ◆ Publisher/Producer/Creator
 - o Planet Factory Interactive
- ◆ Target Audience
 - o 4+
- ◆ Kind of materials
 - o Interactive Maps, Information about cultures, etcetera
- ◆ Hardware/Software
 - o I Phone/I Pad. Discovery Learning
- ◆ Curriculum
 - o It can be used to teach about different cultures and what the world looks like.
- ◆ Cost/Licensure/Additional Purchases
 - o Single use licensure. It has free version. The premium version is \$4.99 and has so much more content. Well worth the purchase
- ◆ App Content
 - o The app has different ways to interact and learn about things all around the world. There are matching puzzles to learn about India. There are item searches to learn about china. There are so many games that just introduce the students to different cultures, and I think that is so awesome.
- ◆ Impression
 - o The app is very easy to navigate and has light music in the background. I think it is a great way to be inclusive in the classroom and also informative.
- ◆ Does the app pass review?

- ☐ Yes
- ◆ Does the app pass evaluation?
 - ☐ Yes
