🌙 *How to Get into Human Design* 🌍

Please read these two links, It's important!

Pre Step:

Read about what HD is here

And here <https://www.geneticmatrix.com/is-the-answer/>

Human Design is important because nobody has ever told you that there's a correct way to make decisions. Nobody has ever told you that decisions come from the body and not the mind.

No one has ever told you that you're supposed to have EVERYTHING you want and more, and that all you have to do is let your body lead you.

Nobody has ever told you that suffering, strife and poverty, car accidents you name it— aren't natural. Nobody has ever told you that these are the results of MIND led decisions.

I'm telling it to you now.
That's why it's important.

Step 1.

Step 2.

Read abt your Design Type [here](#)

Step 3.

Read about your Authority

This step is very important.

Your authority is the final decision maker on all things.

It comes straight from your body and it will never, ever, ever steer you wrong when followed correctly.

Even if you learn absolutely nothing else about Human Design, learn your authority and use it to make every decision.

Your life will change exponentially.
