

Upcoming Kickoff Events & Webinars: SAVE THE DATES!

Cleantech Open is holding a series of kickoff webinars through mid-April to offer startups the opportunity to learn more about the accelerator program -- and a chance to pitch their venture to the audience.

Our biggest kickoff events, Boston and New York, are highlighted.

Webinars are all virtual. Events are in-person unless indicated otherwise. All times are Eastern.

Prospective Cleantech Open startups are invited to sign up for office hours (1:1 meetings) with Cleantech Open Northeast staff at some kickoffs. These events are marked with a *.
