

## Spark21 Volunteer

### ROLE DESCRIPTION

#### Volunteering with Spark21

Volunteers are the heart and soul of our project. We organise several events to support women in law each year, and publish an ever-increasing volume of stories, magazine articles, and newspapers highlighting the history, role and inspiration of women in law.

We couldn't do it without the people-power and goodwill of our volunteers.

#### Why us?

Volunteering with Spark21 for the Next Hundred Years project is fun, rewarding, and flexible. You can help out in any program that fits your schedule, and we have many opportunities to get involved.
