

# MRS. WILLIAMS MATH PLAYLIST

Week of Oct 5th

## Standards

**7.NS.1 (a,b,c,d)** Apply and extend previous understandings of addition and subtraction to add and subtract rational numbers; represent addition and subtraction on a horizontal or vertical number line diagram.

|                         | Period 1,2,3,7                                                                                                                                                                       | Period 8                                                                                                                                   |
|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| <b>LEARNING TARGETS</b> | I will...<br>Identify the property and apply properties of operations as strategies to add/subtract rational numbers.                                                                | I will...<br>Add, subtract, multiply, and divide fractions.<br>Solve problems with rational numbers.                                       |
| <b>VOCABULARY</b>       | Commutative Property<br>Associative Property<br>Zero Principle Property                                                                                                              | Rational number                                                                                                                            |
|                         |                                                                                                                                                                                      |                                                                                                                                            |
| <b><u>MONDAY</u></b>    | No School - PD day/Conferences                                                                                                                                                       | No School - PD day/Conferences                                                                                                             |
| <b><u>TUESDAY</u></b>   | Bad Accounting Immersion Video<br>Bad Accounting Simulation Trainer                                                                                                                  | Mastermind Immersion Video<br>Mastermind Simulation Trainer - together as a class<br><br>Adding/Subtracting Fractions NOTES<br>Practice WS |
| <b><u>WEDNESDAY</u></b> | Properties NOTES<br><br>Math books Pg. 41 and 42 #1-5                                                                                                                                | Multiplying and Dividing Fractions NOTES<br>Practice WS                                                                                    |
| <b><u>THURSDAY</u></b>  | Bad Accounting Clicker Quiz - to be done as stations around the room (about 25 minutes)<br><br>*Allow remaining class time to work on reflection/hw due to the short week this week! | Mixed Operations with Fractions including word problems - Stations                                                                         |
| <b><u>FRIDAY</u></b>    | No School - NEOEA Day                                                                                                                                                                | No School - NEOEA Day                                                                                                                      |
