

Project 6 - Poster

1. Download the resources for Project 6.

- a. Save them on your flash drive.

2. As a class we will watch the first two 601-602 together

- a. Define the following terms from the copyright segment.

- i. Copyright
- ii. IP
- iii. Licensing
- iv. Model Release
- v. Creative Commons
 - 1. BY
 - 2. ND
 - 3. SA
 - 4. NC
- vi. Public Domain

3. Watch and work along with videos 601-612 Practices

- a. You are going to finish the videos independently. You can use your own images or the project 6 resources you downloaded as your practice these new techniques. While you practice, feel free to change your colors, fonts, etc. **COMPLETE ALL TECHNIQUES ROB SHOWS YOU.** You get points for practicing.

4. Watch videos 613-614

- a. Once you have watched the videos, make your own poster. **YOUR FINAL POSTERS NEEDS TO DISPLAY THE PROCESSES LEARNED.** We want to see the same effects, techniques applied, but make it your own (ie.clipping mask, blending tool, symbols, custom brushes, 3D objects, Photoshop effects, etc.) You can use your OWN pictures of the resources provided.

5. Print your practice to B/W and your original to the color printer.

- a. Attached is the sheet to your work.

6. Save a “slice” from one of your posters and email it to me.

7. Take Quiz 6.
