Script for House Delegates:

"Hi, my name is _____. I care about second chances because _____
(I am formerly incarcerated, have an incarcerated loved one, a survivor, work with incarcerated people etc)

I'm calling to urge you to vote GREEN on the Maryland Second Look Act (HB853).

This bill does not guarantee anyone will be released from prison. It simply gives individuals who have served at least 20 years of their sentence the chance for a hearing, to have their sentences reviewed by a judge. It's essential that judges be allowed to review each person, individually, on a case-by-case basis. The judge will consider a variety of factors when making their determination, including a victim impact statement.

Research overwhelmingly shows that people age out of crime. Passing Second Look creates an avenue for release based on demonstrated rehabilitation, something Maryland does not have, and is a necessity given Maryland incarcerates the highest percentage of Black people in the nation.

Vote Green on HB 853."
