

Office of the
Monarchs of the
Kingdom of Ahrana

To: Franso E. Deitorr, Primo of the Republic of Iverica

From: Sigrid A. A. V. Florence-Goring & Aleksandra V. A. Misha Chayka II, Monarchs of the United Kingdom of Ahrana

Subject: Exile of Lady Erikson

Your Excellency,

It has been some time since an Executive of the Ahranaian Government has communicated with your Country and yourself, and it is a shame that our relationship between our Countries has gone stale so to say. It is our hope that we can be the bridges that could one day reignite our relations between our countries and forge a lasting relationship between our two governments.

It has been some time since the Socialist Revolution and our Country is still recovering from the damage done by successive government downfalls. Yet there is still a light at the end of the tunnel, we as the Executive and Heads of State have decided that through our prerogative powers to declare the following, Lady Erikson of House Erikson of the Royal Family may return to the United Kingdom of Ahrana with full citizenship and a full pardon of all Crimes she was and is accused of by the Socialist Government and her Brothers and Sisters. We as the Monarchs of Ahrana Hereby end her exile upon this date of this letter. We would like it if you or someone in your government could hand this news to her in person please sir.

We look forward to progressing the future of our relationship.

With Regards,

Sigrid A. A. V. Florecen-Goring

Aleksandra A. V. Misha Chayka II
