

# 8<sup>th</sup> Grade Shadowing Guidelines

Students who would like to have shadowing experiences at prospective high schools should adhere to the following guidelines:

1. Shadowing is designed for those 8<sup>th</sup> grade students who are undecided or unsure about the high school they wish to attend.
2. Shadowing is limited to a maximum of **two** days in a school year.
3. Shadowing days will hopefully coincide with days during which St. Columban School is not in session. Consider teacher in-service days, parent/teacher conference days, or days when our school is not in session as the primary days for visitations.
4. Shadowing must be arranged between your family and the prospective high school. St. Columban School is not responsible for setting dates. Keep in mind that high schools will only take a limited number of visitors each day.
5. A shadowing form must be signed by the school visited and returned to St. Columban School upon returning to school.
6. The **two** shadowing days are excused absences if the shadowing form is turned in on the day the student returns to school.
7. Students should check Google Classroom for assignments. Class work missed, including tests, must be made up at the discretion of the teachers.

\*\*\*\*\*

I have read the guidelines concerning 8<sup>th</sup> grade high school shadowing.
