

Make a Wish and Blow

Type: Default

Prerequisites: None

Acquisition

This quest is automatically triggered when the player enters **Entrance Hall** after finishing the tour with **Isabelle**.

Walkthrough

After finishing the tour with **Isabelle**, the player runs into **Mrs. L** in the entrance hall. As thanks for completing the tour with Isabelle, MrsL gives the mc her **Courage Badge** that she got from her self-help group for dealing with social anxiety.

When the player returns to his bedroom, the **Courage Badge** will become part of the bedroom background.

The player must interact with the computer in his room to move forward.

After Interacting with the computer, the MC goes to sleep but receives another few messages from the strange number.

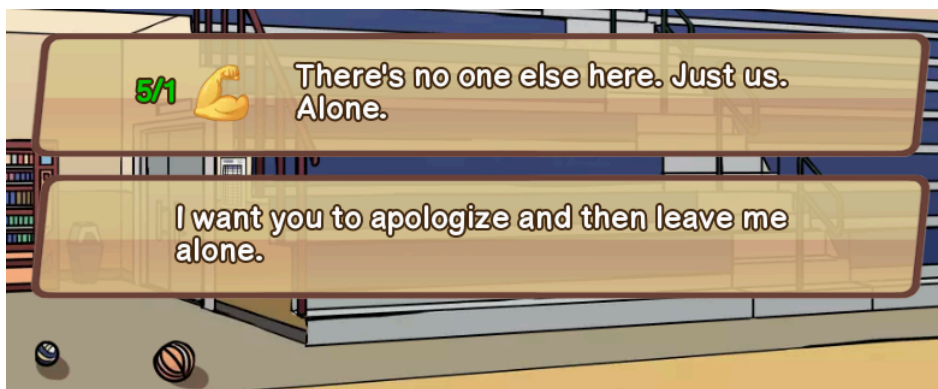

The next morning, he's harshly woken up by **Flora** who demands to play on his xCube.

The player must then get dressed.

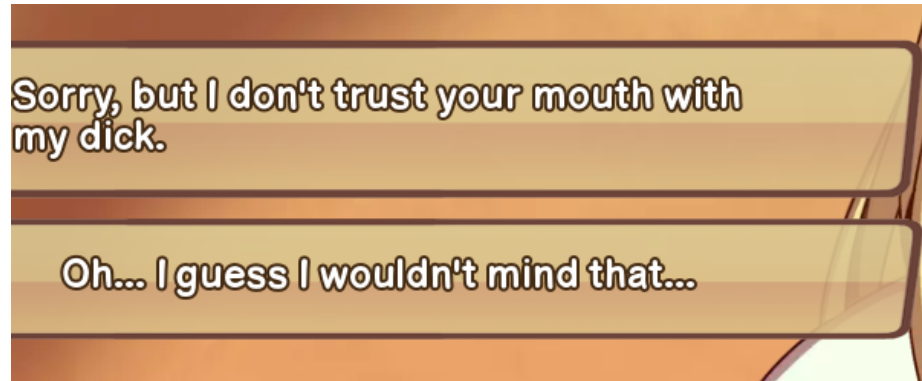

After getting dressed, the player must go to school. Something's not quite right, though. No one's around and most of the doors are locked. Weird lines appear when interacting or investigating.

In the **Gym**, the MC meets **Kate**, who says something bad happened to the new girl. She then proceeds to insult the MC as usual. The MC realizes that no one else is around and sees this as his chance.

The top option will lead to a rough BJ scene with Kate (requires 1 Strength). The bottom choice will lead to two additional options.

In the following menu, the player gets the option to get a gentle BJ or to decline.

Sorry, but I don't trust your mouth with my dick.

Oh... I guess I wouldn't mind that...

Declining will result in a nightmare.

Either way, the blowjob ends in the new alarm clock going off, and the MC realizing that it was only a dream. The player gets the chance to smash another clock.

Smashing the clock during this quest for the second time after smashing it during the [Smash or Pass](#) quest will unlock the **End of Time** achievement.

Likewise, turning the clock off during both these quests unlocks the **Eye of the Storm** achievement.
