

Come to Real instead of being in Manchester City

Spain's national side defender Carvajal is constantly persuading midfielder Rodri to move to Real Madrid.

Carvajal introduced the conversations he had with his teammates at Euro 2024 through Spain's Marca and elsewhere on Wednesday. "I have a good relationship with Rodri," Carvajal said. "I am telling Rodri to leave Manchester and come to Madrid every day. Real Madrid needs Rodri."

Carvajal said, "Rodri is from Madrid and he will undoubtedly be a great recruit given everything. Rodri is from Spain and Madrid, so he will fit the team perfectly."

Carvajal has been playing for the Spanish national team since 2014, while Real Madrid has been playing since 2013. Carvajal has won four Primera Liga titles and six UEFA Champions League titles for Real Madrid. He has also lifted various trophies, including five FIFA Club World Cups.

Rodri has been playing for the Spanish national team since 2018. Rodri, who joined Manchester City (hereinafter referred to as Manchester City) in the 2019-20 season, won four Premier League titles and played a leading role in the 2022-23 UEFA Champions League.

Rodri and Carvajal led Spain to the finals by appearing in five and four matches, respectively, at Euro 2024. Both players are currently playing for the Spanish team. Spain, which will play against England in the Euro 2024 final, is aiming to become the top in Europe for the first time in 12 years since the Euro 2012. Spain defeated Croatia, Italy, and Albania in Group B of 2024, becoming the only team that advanced to the round of 16 by winning all three of its group matches. Spain advanced to the finals with a best-of-six record by beating Georgia, Germany and France in the round of 16 tournaments. England, the last country to play against Spain, will try to win its first European Championship title. [토토사이트 추천](#)
