

OLD MAN: But above all keeping it in the dark, keeping it locked down.

Mayor: Welcome peasants, settle down
I'm the Mayor of Hamelin town
If you want to stick around
Learn the rules of my locked town. (Stab)

Listen up, what I say goes
You're all new here and it shows
From the plague no one's immune
Wanna live? Dance to my tune

CHORUS What's happening in Hamelin? (Descending Cm riff in bold!)
Only we survived
100 years of this regime
The mayor keeps us all alive (triplets)

What's happening in Hamelin?
We all do as we're told
It's pretty sadomasochistic
We love being controlled

MAYOR: Gather round
Learn from example
Here's the rules
Well just a sample

ROSE: Rule number one it's an easy one
Always walk and never run

DAME: Rule number two, for the sickly few
Don't touch anyone, whatever you do

FLO: Rule number 3 just has to be
Never ever ever cross the boundary

JACOB: Rule number 4 yes there's more
Nothing adds up? just ignore

KYLE: Rule number 7 in this Armageddon
Avoid the rats and pray to heaven

CHORUS: C
We all thank the mayor

F
We gather in daily prayer
C/G. G
For his glory
 F/G G7
Believing his stories

MAYOR: Beautifully sung now hamelin

CHORUS: It's all happening in hamelin
Why would we want to leave
Were all stuck here anyway

MAYOR: So you better believe

CHORUS: We're sure you'll love it 'cause you must.
Unhappiness is banned
So do what we do. Get in line
And give the mayor a hand

Social distance
Don't disobey
Don't cross the boundary

Only touch with your elbows

V2

What's happening in Hamelin
We wished we could tell you

100 years exactly the same
There's simply nothing new

Chorus

V3

Bridge

Chorus

ALL: Every day, exactly the same. Best way to be safe's with a solid routine.
Remember the rules, what you can and can't do and that'll do just nicely for you

CHORUS:

What's Happening in Hamelin?
We wish we could tell you
But the truth of the matter, let us fill you in
There's simply nothing new
Nothing's happening in Hamelin
It's always just the same
Don't ask questions
Don't touch this
Don't take the mayor's name in vain.

Rule number one, it's an easy one -
Always walk and never run

Rule number 2, it's good for you
Wash your hands after all you do

Rule number 3, just has to be
Never ever stray past the boundary

And rule number 4, don't worry there's more
Never ever question the mayor's law

CHORUS:

What's Happening in Hamelin?
We wish we could tell you
But the truth of the matter, let us fill you in
There's simply nothing new
Nothing's happening in Hamelin
It's always just the same
Learn the moves
Know your place
Man eating rats are hard to tame

Number five, keeps us alive
Kill the rats if you want to survive!

Number six, an easy fix
Our pageantry gives us our kicks

And Number seven, pray for heaven
We're the only town left in armageddon

Hamelin Hamelin Hamelin - The only town here for you
Hammer it in Hammer it in - obeying is the only thing to do .

Hamelin Hamelin Hamelin Hamelin - not to be confused with Hamilton!
We're a small, safe town we play to the tune and we're trying to win best town in
