## What You'll Discover in These 12 Weeks

In this 12-week transformational course, Puma will guide you through the fundamental skills and competencies you'll need to explore Incan ceremonies and program your Mesa with spiritual allies for healing and amplifying your manifestation practice.

**Course Sessions are on Fridays at 3:00am Indochina Time**

This course will feature LIVE teachings, interactive sessions, experiential practices, and Q&A with Puma. Each session will build harmoniously upon the previous ones, so you'll develop a complete holistic understanding of the practices, tools, and principles you'll need to manifest the life you want — not by pushing harder, but by partnering with the ancient forces that have always been with you.

*If you have not experienced Puma's teachings before, you're welcome to join this next-level course but we ask that you complete the foundational 7-module Daily Incan Shamanic Manifestation Practices program on your own as a prerequisite.
