

Reserving Facility Space Instructions

Stateline Sports Group Facility Reservation Policy

All facility requests will be processed **once each morning, Monday through Friday, during normal business hours.**

If weather conditions create the need for a schedule change on the same day **after the morning requests have been processed**, the Stateline Sports Group staff will do their best to monitor and accommodate any additional requests.

Stateline Sports Group provides teams and player members with the opportunity to reserve space at our indoor facility or on the diamonds we manage. While we strive to accommodate each team's unique needs, efficient space utilization is essential to maximize availability for all.

Facility Usage Policy

All facility usage must be pre-approved for insurance purposes with a documented and approved reservation. Teams and members **cannot use any Stateline Sports Group facilities without an approved reservation.**

This policy is in place to ensure the safety and proper management of all activities. We kindly ask for your cooperation in adhering to this requirement.

If you have questions or need assistance with reservations, please contact the Stateline Sports Group office.

General Reservation Guidelines

Teams may reserve **up to two total time slots per week** at either the indoor facility or a diamond.

Teams **cannot reserve space at both** the indoor facility and a diamond at the same time slot.

Additional time requests beyond the two weekly slots may be submitted **24 hours in advance** and will be granted if space is available.

Reservations are **not official** until they appear on your team's official team page schedule.

Stateline Sports Group reserves the right to adjust reservations occasionally to accommodate rentals or events.
