

Logging into Chromebooks and Accessing Clever for LCSC Kindergarten

[Click here for video tutorial](#)

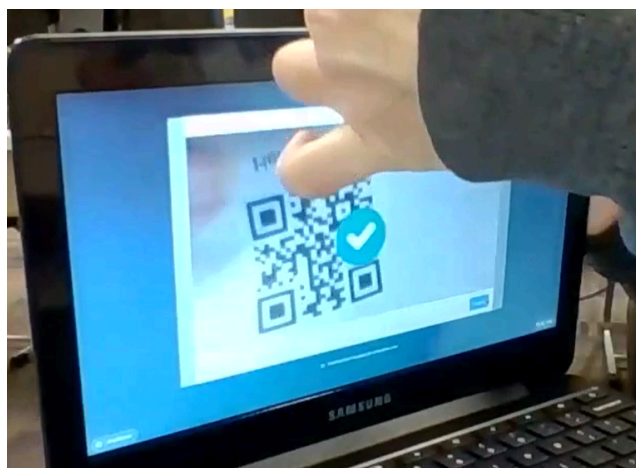

1. Open chromebook lid. If it doesn't power on, click the power button in the upper right-hand corner.

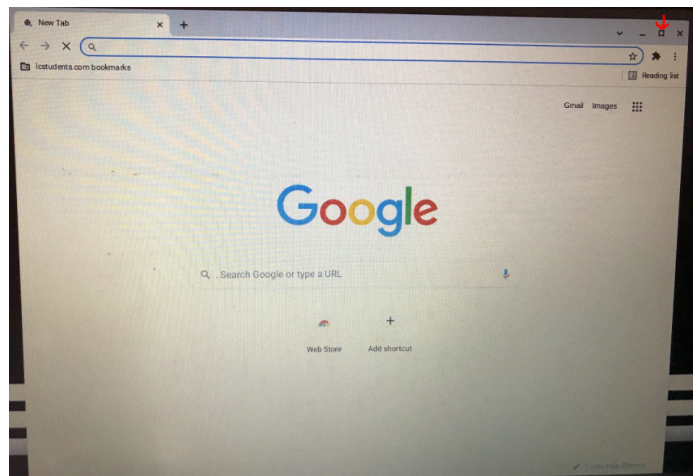

2. Click the "Next" button at the bottom right hand corner.

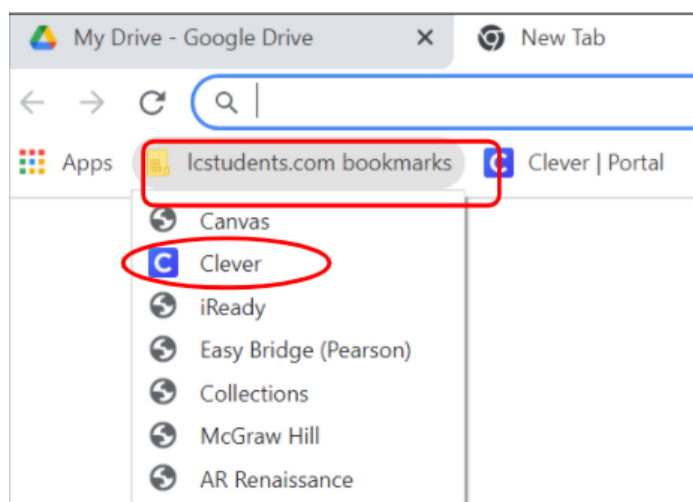

3. Hold the Clever Badge over the Camera until you see a green checkmark.

4. You will automatically be taken to the Google home page. If your screen is not full-size, you can click the small maximize square in the top right-hand corner to make the screen larger.

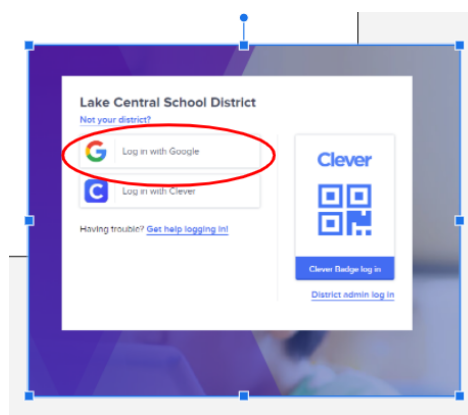

5. Click on the "lcastudents.com bookmarks" in the upper-left corner.
6. Scroll down to the "Clever" option.
7. Select "Clever" and this should take you to the Clever dashboard.

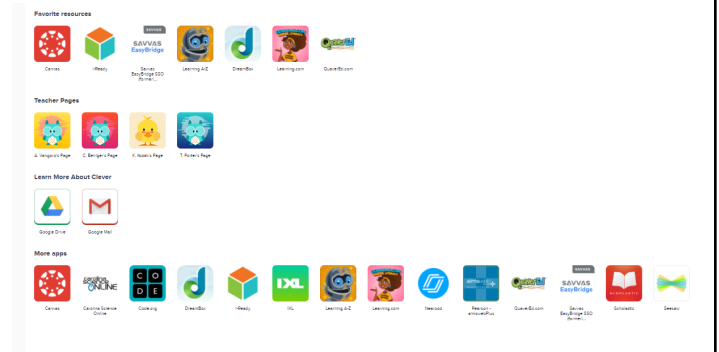

**** If it doesn't go right into student's Clever dashboard, you will get the login screen as seen to the right. Simply choose "Log in with Google" and it will take you to the Clever dashboard.**

Skip this step if it goes to the Clever dashboard as the step below.

8. You can choose any app that the teacher assigns by clicking on the app for the program in the Clever dashboard. It will take you immediately to the program without any further logins.

*If a teacher assigns something under his/her class, you can click on the icon that indicates that teacher's page and more options will be available.
