Provide Greater Access to STEM Education to All Students

Akhil Y.

Tutor
San Antonio Math Include

Akhil is part of the Class of 2026 at Health Careers High School. He has had a passion for math since he was young. He enjoys playing sports, especially tennis. He has been playing tennis since he was ten. Along with tennis he also enjoys playing chess. He learned to play chess from his dad. He lives with his mom, dad, younger brother, and a dog named Bumper. He has been attending BASIS since fourth grade and has enjoyed going here over the years because of the many friends that he has made. His friends made going to school so much better; this makes him look forward to his high school years. Another hobby of his is tutoring people. He tutors his brother in math who is currently going to fifth grade.
