

Name: _____

Date: _____

**WHAT TO KNOW!****Sequencing Events and Making Predictions**

Sequencing Events in a story refers to determining the first event, the second event, the third event, and so on. It is based on the order of events or the pictures in the story.

Making Predictions is also important in understanding the story. A reader can make a good prediction of what will happen next based on the relationship between words, ideas, or the pictures in the story.

**STARTER**

Directions: Arrange the order of events to form a story. Write 1, 2 or 3 in their proper sequence. Do this in your notebook.

1.

2.
