TOEIC Picture Description Examples

Sample Answer: This is a picture taken outdoors during winter. A girl is making a tall snowman. She is wearing a red knit cap and mittens, a black winter jacket, and brown boots. The snowman looks well proportioned. An adult may have helped her build the mounds. Now she is just shaping the body with her hands. The elevated ground she is standing on is all snow. On the edge are some green grass. The snow plain farther down the view seems to be smooth. It could be a body of water like a river or stream, which is maybe strong enough for ice skating. On its bank on the other side, some green grass is also sprouting out of the snow

Sample Answer: This picture was taken in a residential neighborhood. There are 2 people here, most likely a mother and son. The mother is wearing a red long sleeves blouse and a pair of jeans, while the boy has a cap, a backpack, a pair of shorts and rubber shoes. They are walking hand-in-hand. It looks like it's early in the morning, about the time when kids go to school. They are walking a long strip of walkway. This is parallel to the street. Maybe they are going to their car, so the mom can bring her son to school. Or maybe they're just walking to school because it's near. The pathway has some lawn on one side, and some trees and bushes on the other side. The weather seems perfect. It could be spring.

Sample Answer: This picture was taken at a cliff. There are several people here; they could be mountain trekkers. They may have stopped on this top spot to enjoy the view. The view shows long mountain ranges and the skies. They are surrounded by grasses and bushes. The weather looks perfect for traveling. One of them is even wearing a sleeveless shirt. They are all carrying backpacks. These may contain food and water for their provisions for hiking. Two of them are holding on to some tripods for their cameras.

The picture was probably taken in the morning, because there is a coffee and a coffee pot. The person owns a tablet and is possibly involved in design, because there is an open magazine and a stack of design magazines. There is sunlight coming through the window. The table looks like it might be a picnic table or an outdoor table, but there is also a window and a curtain. An interesting thing to notice about the picture is that it is mostly in black and white: the cup is white, the coffee and the pot are black. The tablet is black on a white table. The curtain is also white and the light is white. Only the pictures in the open magazine have any color, and it's brown.
