	Received feedback, a lot of parents and students don't understand the importance of Browning and LBCC partnership, GE classes still transfer for college credit, more education for parents and students is needed. Summer Classes, online a teacher at Browning campus 2 times a week, students do well online as opposed to going to LBCC campus, will send out more information regarding LBCC classes. Middle to High School transition is hard, SSI and math collaborative will offer all 9th graders study skills class. Thank you to Mrs. Gonzalez for all your help with Teachers appreciation week.

Public/Guest Comments	Mrs. Quamina–Bison Success night worked, great idea and opportunity for all to be seen and heard, it took away from intimate setting, to be able to have a private conversation, maybe next time use a divider or an opportunity to set up a one on one meeting. Ms. Ontiveros– Bison night worked for them, maybe followed up with an invitation to have a private meeting with teachers, some teachers were brief, others went in depth and it took a long time with one student. Ms. Gonzalez– Attended and loved Bison Success night it made it easier for all to see. Ms. Gonzalez–It would be great to have a Spanish speaking aide for support.

	Ms. Ontiveros–The phone situation is getting out of hand, students getting sidetracked by phone use and is reflecting in grades for some, it also reflects in how students interact with/speak to teachers, parents talk to your students, they represent our school and community. Dr. Romant–Great feedback, teachers will be on board regarding phones. Ms. Ontiveros–Importance of LBCC classes, a teacher gave my student info and we realized what a great opportunity. Are summer courses online only?
